INTRODUCTION.

THE documents in this volume have been gathered by me during many years, from the archives of Massachusetts, the office of the Public Records in London, and the Bureau of Marine and Colonies in Paris. They are not all of equal importance, and several might perhaps have been left unprinted without loss to the general student of Maine history; but when I reflected how important even trivial allusions to a subject, perhaps but the mere record of obscure names, frequently become to the special gleaner in the historic field, I did not feel willing to incur the responsibility of discarding from my collection those documents which did not seem to me to possess an interest of a marked character. My intention was, at the outset, to follow a strictly chronological method of arrangement; but some documents of an earlier date than others which had already been printed, having come into my hands while the work was in progress, I was obliged to somewhat depart from the order with which the work was begun.

I regret that it was impossible to correct my proof by the original documents, but I trust that important errors have been avoided; certainly those documents from the Massachusetts archives, which my venerable friend David Pulsifer, of Boston, has copied for me with a painstaking fidelity peculiar to the born antiquarian, should be as free from error as any such work performed by fallible man.

Att the time appointed the Inhabitants Appeared. a Court was held.

And whilst matters were in Debate betweene the Inhabitants and the Comissioners complaint was made against one Jn^o Bursly for vttering threatning words against the Comissioners and such as should submit to the Gouvernement of the Massachusetts. Michaell Brande & Charles frost were witnesses against y^e said Bursly :

The said Bursly vpon his examination at length in open Court did Confess the words, & vpon his submission was discharged.

After long Agitacōn wth the Inhabitants about the whole business in hand they offered to Come vnder the Gouvernement of the Massachusetts Provided that the Articles and Conditions tendered by themselves might be Received as the grounds thereof, which being wholly denyed by the Comissioners who tould them they must first submit to the Gov-

ernment and then they should be ready to Affoord them such priviledges and Immunities as they should think meete to graunt: wherevppon at length they did submitt as followeth :/

The Humble remonstrance & Petition of the Inhabitance of Kettery vpon the river of Paskataquake within the p^rsincts of the pattent of the Massathusets./

Humbly sheweth that in Anno 1651 one m^r Richard Leader intruded himself amongst vs by such as had noe Just power to dispose of o^r lands ; & tracte of land tymb^r & other priviledges that was form^ely improved by Cap^t Mason of london & his heires with some others & after hee was settld amongst vs by his power & greatnes hee deprived some of the inhabitants of their just rights & possētions & by his pollecie & subtilly Caried Matters amongst vs as hee pleased to the p^rjudice & disturbance of the inhabitance heare & at seūall times would haue drawne vs to haue petitioned for such gouern^t as wee desired not to bee sett ouer vs. wharby wee Evidently sawe his Cheefe Ayme was to gett the gouern^t ouer vs into his owne hands & soe to tryanize ouer vs as appeares by seūall of his practises & speches one or two wharof wee humbly p^rsent vnto yo^r hon^rs, of which thare is suffitient wittnes some of whose hands are hearevnto subscribed. viz. once (that is to say) a

Company of rogues ; if hee could gett them vnder (meaning the people heare) hee would rule ouer them & keepe them vnder & when m^r leado^r & those that joyned with him found noe way to bring to pass their owne Ends then hee the s^d leader & others for him presed vs to take the ingaigm^t which wee ware allways willing to doe, but fearing hee intended to make some other vse of o^r hands for his owne advantage then hee p^tended wee alittle demured. wharvpon hee threttned vs that wee should bee p^layed Enemyes to the State of England, & to haue no benyfitt of the law, soe out of o^r loyalty to the State of England wee subscribed o^r hands to the ingaigm^t which hee hauing gotten, wee are informed hee intendeth to make vse of by way of petition for vs which wee neuer desird nor intended that hee should doe Our humble request tharfore to this honorable parliament is that if the s^d m^r leader or any other what soeuer should petition for vs or in our names that himselfe or any other may haue power of gouerm^t ouer vs that it may not be granted, wee finding the place where wee inhabitt to bee within the line of the Massathusetts pattent to whose gouerm^t wee haue subscribed & desire Euer soe to remaine, with reference to the honer-

That wee the abovesaid Inhabitants being lately awakened to apprehend our Immanent dangers for want of some necessarie meanes to withstand any forraine forces & being not vnsensible of the considerable trade both of fish & timbers Exportable amongst vs, as well of the needfull supplies from beyond Seas produced to the Contrie thereby, withall uaighing amongst our selues, how easilie the aforesaid places may be fortified by vs, as well as our adversaries, in case they may possesse the same, alsoe considering that the naturall situation of the places being such, as without so great charges to the contrie the same may be well accomplisht. Wherefore for such like reasons inducing, wee thought it our dutie to informe this honoured generall Court of this our condition, with respect to the publick good, and also humblie to make request that yee should be pleased to consider of our desires, as that wee may be timely well fortified, against any forraine assaults that may be attempted, & insomuch as these may be defective to lay downe our estate yee may then be pleased to take a more perticular Relation thereof, from our beloved Deputies there present, & although wee as yet, are but few Inhabitants in this River, & alsoe low in estates yet notwithstanding wee shall endeavour to beare part of the Charges according to our abilities, & that with all submission to your mature deliberations, your selues beeing apprehensiuie how much the publick may be heerein concerned, wee humblie therefore take our leave with a continuance of our petitions to the throane

To the much honoured Court held at Boston y^e 18th of y^e 3^d 53.

The humble petition of the Inhabitants in
the Isles of Showles

Sheweth

That whereas wee the said Inhabitants liveing so remote from the neighbour-townes vpon the Maine, and having thereby allready sustained much wronge through want of a power deputed amongst our selues to help, whom it may concerne to their due Debts, and findinge alsoe by vnsutable wind & weather that wee cannot (vpon occasion) visite the Cour[t] that wee might enjoy the benefitt of the Law, to recover our owne, in a way of righteousnes. Wee therefore vpon such like reasons, doe think it our dutie to make petition to this much honoured generall Court that you mought be pleased, to take our condition into your serious and sage consideration, & to grant vs the prevelidge of a Townshipp as farre as your wisdomes shall thinke vs capable, as that we may have amongst vs a Clarke of the writts, & some others authorized to have the hearing & issueing of such causes as may fall out, vnder the summe of Ten pounds wee finding as wee suppose vnder your favour, more neede of such a prevelidge then our neibour-townes, forasmuch as some of our transient ones, as it may fall out, they cannot tarrie vntill their causes may be issued elsewhere. Alsoe, may it please this honoured Court to take notice that our situation is such, as many times wee necessarilie shall not be able to Joyne with our neibours in militarie affaires, through vnseasonrble weather, without great hazard or damage to our selues. Our request is therefore, that you would be pleased to make vs a distinct company in that respect, wee being vpwards of a hundred men at this time, & that our loving friends John Arthus Lieut: & Willia[~] Seely Ensigne

so chosen amongst vs, to beginne that service, they mought be instaled into such places, for the benefit of the rest, according to your order. Thus, wee nothing doubting, that yee will be pleased to pass by any of these vnsutable expressions, & grant vs whatsoever your discretion shall see mostly conducing to our best good. Wee (for your fatherlie ceare already enjoyed, & yet expected) doe account our selues in bounden dutie to be ready, to doe you any service to our abilitie, & to make supplications yet in your behalfe, for the further influence of the holie ghost vpon your hearts, in those approaching & all after agitations, for his owne glory, with his churches wellfare. To the Hono^d the Generall Court now assembled at Boston,

The Humble petition of the Inhabitants of the Towne of Yorke

Sheweth

That where as there was certen Complaynts exhibited aganst us, the Inhabitants of the s^d Towne, at the Last sitting of the Generall Court, by Mr. Edward Godfrey, declaring as if we had unjustly detayned seuerall of his Lands & Impropriations from him : ffor the rectifying w^of, this Hono^d Court taking cogniscence soe fare as to Comissionate Certen Gentle[̄] with the consent of βtys yrin concerned, to heare & determine such matters of difference as

were betwixt us: Accordingly a hearing was attended by the Commissioners, a returne of there resolutions haue beene transmitted to us, although dissatisfactory, for these reasons, ffirst because it confirmed to Mr Godfrey such generall unknown grants, & Consequently rights, as at p^rsent cannot be known to us, in certenty, althoe hereafter more may be known therein to our p^riudice. 2ly because it is not commensurate with the minds of the Commissioners them selues openly declared to us in Justification of our dealings with Mr Godfrey, w^{ch} there returne absolutly denys. 3ly Instead of excluding all other pleas (Mr Godfreys onely excepted) w^{ch} the Commissio^{rs} seemd principally aymed at, haeth by Casting vs as the Injurious, rather opened a wider doore for all others to come in as sharers in the like rights, whose grounds are æqually valid with M^r Godfreys. 4ly respecting the charges given, The Towne in generall

they could p^rceave to Mr Godfrey :

How there

must be censured to satisfy any whom there p^rsons haue not wronged, we leaue to the wisdom of this Court to Judge.

Our Humble request therefore to this Hord Court is that they would be pleasd to take into consideration, how little safety may follow the Confirming of vnknown grants, how great præjudice must redowne to the well being of a Towne, w^t considerable quantitys of Land are dispos'd of to p^rticular p^rsons in conuenient places for the settling thereof; And how fare either in reason or Justis, p^rsons, Can be engag'd to any charge towards such, whome they haue not wronged; ffor Judgem^t w^rof, we submissiuey attend

the Just pleasure of this Court, with whom we leave o^r Cause, for whose guidance & direction herein, as in all matters of greater weight, humbly taking our leaves, we pray vnto the Euerlasting Counsellor to assist & Counsell

Petition.

To his Highnes Oliver Cromwell, Lord Protector of England Scotland & Ireland

The peti^cō of seⁿall of the Inhabitants of the Townes of Yorke Kittery Wells Sacoe, and Cape Porpus, some time vnder y^e Provinciall go^um^t of Mayne & Lygonia now vnder the Jurisdic^cō of the Massachusetts, In new England

Humbly sheweth

Whereas Informaçon doth report vnto vs of seūall addresses lately made vnto yo^r highnesse, by some Gentlemen of worth, for restitution of their right of Jurisdiccion over vs claimed, by these Pattents, the determinaçon whereof wee humbly conceiue, after a Legall hearing rests vpon yo^r pleasure wherein our selues being not so properly Concerned, as others at p^rsent, doe purposely waue craving leaue only to p^rsent yo^r highnesse with a true Naratiue though Implicite of our first and Last Estate, before and since wee had this Goūm^t, which through Gods mercy wee now Injoy to o^r good satisfaçon & for o^r Continued settlednesse vnder it, wee dayly pray for these Reasons first because of o^r selues, wee haue smale power to carry on goverment, being a people but few in Numb^r & those not Competent persons to manage such weightie affaires, our weaknesse occasioning distraction o^r paucity deision, o^r meanesse contempt, as our owne former experience, hath fully evinced to the totall subverting of all civill order amongst vs

2^y because changes cannot reduce things from Impossibilities, to make things of such as are not, to be, The case is ours, y^e places of our Residence admitt but of smale Inlargem^t, the genūallity of the Country from vs, Eastward is so confusedly taken vp vninhabitable beings of sterrile lands swamps & rockie mountaines as not more then a few shreads, are left by y^e sea shoare fitt for cohabitation, & these already Populated, by an Inconsiderate number of people; How y^e wisest of such who desire superintendency over vs can settle a well Gouverned Coūon weale vpon such basis, wee Leaue to yo^r wisdom to judge

3^y because changes in these things may prove dangerous, where discontented spiritts waite, for such opportunities, w^{ch} haue not beene y^e least pte of y^t smale numb^r amongst vs, who were p^ressed Royalists, whose breathings y^t way since o^r Subjecting to this Authoritie, haue beene so farre

stified, as y^t y^e activity of such spiritts cannot finde any the least opportunitie of motion

4^y because wee feare y^e hurtfullnesse of our changes as o^r govern^t now is, our p^{ersons} & Estate stand vnd^r y^e securitie of wholesome Lawes, watchfull Governo^{rs} y^e fath^{rs} of our nourishm^t and peace whose joyous care not only tollerates but maintaines v^s y^e pure Institutions, for y^e Incouragem^t of godly p^{ersons} both Minist^{rs} and oth^{rs}, to reside amongst vs but changing it may throw vs backe into o^r former Estate to liue vnder negligent masters y^e dang^r of a confused Annarchy, & such other Inconueniencies, as may make vs a fitt shelter for y^e worst of men, delinquents & ill affected p^{ersons} to make their recourse vnto, thereby to exempt themselues from their justly deserued punishm^{ts}

5^y changes are apt to Inihilate, vnlesse they prove much for y^e better especially in weake bodyes, where heads are full remote touching such events our former experience hath taught vs somethinge else wee craue of those gentlemen, who are now so solicitous for government over vs what ment y^e deepenesse of their silence se^uall yeares, both in their tongues & pennis, as not after our frequencie of writing to them they not so much as returne vs one Syllable of answe^r, or afford vs y^e least assistance in govern^t y^e want whereof let vs sinke into great distractions, for o^r recouery thence se^uall amongst vs petitioned for government vnto y^e Colony of y^e Mascatusetts who after some debate wth us and confirmation of some Articles of Agreem^t to vs, tooke vs vnder their Authoritie, vnto which wee subscribed, & subjected ourselues vnd^r whose p^{ro}tection to continue wee acco^{tt} it not y^e least pt of o^r securitie & hapinesse.

6^y because wee conceaue y^e confirming of y^e Mascatusetts Patent in its due extent, In respect of its Antiquitie nulls all after Patents whatsoever, as fully intitles of lands, as of Gouvern^t, from both which wee expect equall freedome, by their just Interests & our owne subjection

Our humble request y^r fore is y^t yo^r goodnesse would favo^r o^r reasonabe entreaties, whose weaknesse calls for support o^r manners for some strictnesse of rule, whose distractions for some p^rsent settlem^t wherein o^r voate is, y^t it may be as it is vnder y^e govern^t of y^e Massatusetts, aganst w^{ch} if changhes should Interpose o^r Inevitable troubles, would follow o^r condition as it was in pt, and as it now stands lyes really before yo^r gracious Eye, although not so Methodically p^rsented, for w^{ch} wee hope o^r ignorance will excuse vs

Touching w^{ch} if yo^r highnesse expect any further Information wee beseech yo^r comands herein for a pyons, & Reverend friend of o^rs m^r John Wheelwright sometimes of vs now in Eagland, vnto whome o^r Estate is well knowne, & is fully able to satisfy any materiall Inquiries therein. Craving p^rdon for o^r over much boldnesse & p^rlixity as o^r duties are, so pray wee for y^e Almightyes p^rectiō to secure yo^r p^rson his spi^{it} to guide his gracious blessing to crowne, yo^r high & memorable endeavo^rs wth continued successe for y^e advancem^t of his owne glory & Kingdome & yo^r happinesse here & Eternaly/

To the Kinges most Excellent Ma^{tie}

The humble Petiçon of Ferdinando Gorges Esq^r sonne & heire of John Gorges Esq^r deceased who was sonne & heire of S^r Ferdinando Gorges Rn^t deceased./

Most humbly showeth

That the said Sr Ferdinando Gorges yo^r Peticōners Grand father being divers yeares Since chiefly instrumentall in discovering & reduceing of New England in America to the obedience & Governem^t of the lawes of this kingdome and haveing spent many yeares time & vast Sumes of money therein whereby he exhausted the greatest part of his fortune, and the same being thereby brought to some perfection & hopes of advantage Yo^r Ma^{ty} late Royall
 15^o Car: I father of ever blessed memory in the XVth yeare of his raigne was gracously pleased to graunt unto the Said Sr Fernando Gorges yo^r Peticōners said Grandfather his heires & Assignes for ever a Patent of a considerable part thereof called the Province of Mayne the same conteyning every way 120 miles wth very many large Privileges & Immunities As in & by the said Patent under the greate Seale ready to be produced it doth & may at large appeare, Long before & since w^{ch} said Graunt yo^r Peticōners Grandfather at his very greate charges hath sent over severall persons as his Deputies to Governe the said place./

That certaine English Inhabitants in New-England called the Mathethews its takeing Advantage of the late Rebellion here (dureing w^{ch} time yo^r Peticōner dust not assert his right to the said premisses) have without Any colour of right encroacht upon all or upon the greatest part of the said premisses discended unto yo^r Peticōner from his Grandfather as aforesaid And that Severall other persons who in trueth at most were but Tenants under some yearely rent & other services unto some small & inconsiderable part of the said premisses under yo^r Peticōners Grandfather doe now clayme the same as Lords & Proprietors thereof whereby yo^r Peticōners Grandfathers vast expences aforesaid are like to be utterly lost and his Patent (w^{ch} was the greatest Patrimony that yo^r petiōners Grandfather left him) wilbe ren-

dered unprofitable to him without yo^r Ma^{ty} most graçous help & assistance./

Yo^r Petiçoner therefore humbly prays yo^r Ma^{ty} to take this matter into yo^r most graçous consideraçon the same being of very greate concernem^t unto this yo^r Kingdome of England or els That yo^r Ma^{ty} would be pleased to referre the consideraçon thereof to yo^r Councell for forraigne Plantaçons to examine the whole matter & yo^r Petiçoners title thereunto and to certifie yo^r Ma^{ty} the trueth of the premisses./

And yo^r Petiçoner as in duetie bound shall ever pray fo^r Ma^{ty} long and prosperous raigne./

At the Court at White hall the 4th of Aprill 1661./ His Ma^{ty} is graçously pleased to referre this petiçon to the Councell for forreigne Plantaçons who upon due consideraçon and examinaçon had of the Pet^{rs} title to the premisses and what is by him alleadged are to certifie his Ma^{ty} how they finde the Pet^{rs} Case to stand together wth their opinions what is fitt to be done thereupon for his just reliefe. And then his Ma^{ty} will declare his further pleasure.

Imp^{rs}

M^r Robert Jordan At the County Court of York, held in the Moneth of July in the yeare 1659: Did make Sute against me for a debt not pperly myne but soe p^tended and recofied against me to the value of Ten pounds Ten shillings and Costs of Court, To the w^{ch} that he had no just ground of Sute against me, I make appeare as followeth

1 Although I acknowledged that I did receive of him to the value of Ten pounds yet it was not on my owne acco^t But on the Generall acco^t of the Townes of flalmouth and Scarborough in the County of Yorke aforesaid: I being

appointed (by them) to appeare at the Generall Court in their behalfe And my charges appointed by them to be borne, in part whereof I received the beforenamed sum of Ten pounds And m^r Jordan him selfe did ingage to pay his pportion of the Charges and to supply me while I was at the Court as I can by evidence make appeare :

Secondly

in an Acton by me Entred and psecuted against him at the same Court for vnjust claimes by him layd to my Lands and wrongfull interuption and hindrin of my rents &c himselfe being an associate of that Court, I was cast as I conceive Wrongfully in that action and the Costs of Court found me, w^{ch} I also for further clearing referr to testimony

Thirdly

M^r Robert Jordan having recoüed the sd actions against me, takes forth executions against me for it as also for the Costs of Court aforesaid All w^{ch} with Charges of Extending did amount vnto the sum of Seventeen pounds or thereabouts as appeares by the Constabls testimony who Levied it on my house & houshold goods and cow :

ffourthly

M^r Robert Jordan having soe recoüed & extended as aforesaid notwithstanding did not then expel me my house nor tooke poseession of it but tooke my word & engagn^t to pay him the just sum due to him by virtue of the said judgment^s, w^{ch} accordingly I did fully pay vnto him, notwithstanding w^{ch}, I having given him vnder my hand that the house & goods should remaine as his till the sum were paid, And though I had paid it fully yet a Court of associates in March last (him selfe being on of the associates he sues me againe for deliüy of my howse goods and Cow and recoüed against me, and hath taken them from me and holds them, the

house being prised but at 8^{li} w^{ch} but a little before cast me 60^{li} —

fifthly

M^r Jordan at a form Court of that County aforesaid (w^{ch} I shōld have minded before) After he had cast me in the Accion of interruption aforesaid, did, vnder p^rtence of law, sue me in an action of vnjust molestation, because I recoled not the action against him, though it was a just action w^{ch} I psecuted but him selfe being of that Court I was Cast 5^{li} againe in that action, and he not being therewith contented demands of me 15^{li} alledging that the law gives treble dañages in such cases w^{ch} I conceive I shall make appeare to the Hono^{ed} Court to be a very vnjust and injurious thing

Sixthly

At the same court of Associates in March last, having againe recoled my howse, cow Bed & Bolster & Bedd clothes, my Brewing-kettle, pott and other goods Obtaines an execution directed to the Counstables deputy to possess him the said Jordan of the said house and goods & Coñmanded the counstables deputy (being his owne Creture) to throw out all my other goods as Apparrel, Chests, Trunks and pvisions out of doores, who soe acted to the spoyling and breaking of many of my things, and whereby I lost much of my goods and writings and Apparrel of my wives and many other things to my dañage more then a hundred pounds sterling: And more to vex and grieve me he brought with him on of his owne men (to assist the Coñstables deputy) who was stark drunke, taking my Kettle & pott being full of Worte for beere, redy to tun up, and threw it about the house and carried away the sd Kettle & pott and detaineth them to this day being contrary to the Law in such cases puided; And further to increase my grieffe, he required his drunken man and deputy Counstable to goe

into my wifes chamber where she was laid on her bedd & very sick who in a Barberous manner pulls her from off her bedd and takes her bedd from vnder her and the bed clothing and carries all away — My wife being noe lesse then fouer score & seven yeeres of age And all this done after a warrant of Attachm^t was served vpon the said house, Goods and Cow, by the said Deputy Counstable, vnder the hand of m^r Edward Rushworth on of the Associates, requiring the said house and goods to be responsible to answer my action of review to be tryed at the next Court of Associates where (intrueth) I have smale hopes of good success in my sutes against him he being one of them And one that Bouldly said — Let them if they durst, finde any thing against him. My suspection being the greater for that I p^ued at the last Court that I had paid m^r Jordan Twenty pounds towards the Two Executions to purchase my peace for the p^esent vntill I might by sum review or complaint redress my wrong for all which I had no allowance by any order of Court Albeeit the Two first executions came but to 15^u 10ss beside what I paid the Counstable for fees and other Charges as appeereth by the Counstables testimony soe that m^r Jordan detaineth from me wrongfully my money goods & Two Cowes being all the Cattle I had for my Subsistance for the p^rsent and hath p^fferd to sell my house, to any that would buy it And all this of purpose to starue and ruine me and my family :

All w^{ch} I hope this Hono^{ed} Court will duly Consider and order my repaierations :

Answer to Letter from Henry Jocelyn & others.

At A Councill called by the Governour Cap^t. Gookin m^r Russell & m^r Lusher & held at Boston the 30th of Nouember 1664.

In Answer to a letter Directed to the Governour & council from Henry Jocelyn Esq^r m^r John Archdale m^r Robert Jordan m^r Edward Rishworth &c on the behalfe of Ferdinando Gorges Esq^r for the surrender of the Province of Maine to

the said m^r Gorges or his Comissioners according to his Majesties pleasure signified in his letter bearing date the 11th of June 1664.

The Council assembled declare that the lands conteyned in the County of Yorke by them called the Province of Maine, were & are claimed as part of the Patent graunted to the Massachusets which Patent preceds the Patent granted to S^r fferdinando Gorges and therefore the council may not give vp the Interest of the Colony wthout the consent of the Generall Court, who wee doubt not will be ready to Attend his Majesties Order in taking their first oppertunity to give his Majesty their reasons for there so clayming.//

And further the Council doe declare that they haue good reason to believe, that his Majesty haue binn misinformed concerning this matter, & that ou^r messengers to his Majesty haue been misrepresented or mistaken. Wee having neuer vnderstood from them any such concessions, as are related to be made by them nor were they comissionated to act therein./

And doe also further declare that no Comissioners ought to excercise and Gouvernment in Yorkshire, or Province of Maine so called by virtue of any Comission from m^r Gorges; nor any the Inhabitants yeeld obedience, countenance, or asistance, to any such comissioners but ought to continew in their subjection to the Massachusets according to the present establishment of Gouvernment amongst them: /

His Majesty having declared his pleasure that the Massachusets Colony shall haue liberty to vindicate their right, by rendring his Majesty the reasons of their claime before any absolute injunction of their surrender; the œquity whereof some of the principall Inhabitants of the said place

haue before conceded vnto, as may appeare by their articles by them signed & therefore If any evill & Inconvenience shall fall out by the Interposition & Interruption of any of the abouesaid Comissioners they must be accounted the autho^rs thereof & expect to be accomptable to his Majesty for the same.

In the yeare 1630. ye Earl Sterlin for Consideraçõs Conveyes part of Nova Scotia to M^r de la Tour wth right of a Marquesat &c., and this was confirmed under ye Great Seale of Scotland

In ye yeare 1632 ye Earle of Sterlin at ye Kings persuasion did (inter alia) surrender into the hands of the French by virtue of y^e treaty of that yeare Fort Royal which was not Contained in his grant to la Tour for which surrender ye K. gave the Earle a Privy seale for 10.000^l issueable out of ye revenue of Scotland which sume was never paid ye Earle, And hense arrises ye pretencoñs of ye Earles widdow married to Coll. Blount and of ye Earles heires (Daughters and Sons) In ye Earles right came in S^r Lewis Kirke M^r Francis Barkley &c who bestowed vast suñes in planting that Country upon Contract wth ye Earle, and who having upon the same Treaty surrendered their interest to the French for 60,000^l sterling which was never satisfied by the French Kirke and Barkley thinke they have an equitable pretention in this matter. After the yeare 1632 ye French that were in possession of Fort Royal make warre upon La Tour at St Johns Fort whereby La Tour was constrained to goe to New England for succour for obtaining of which he mortgaged his Fort of St Johns to M^r Gibbons, but when La Tour returned to Nova Scotia he findes ye French under one Dobry had seized his Fort St Johns and comitted severall other outrages, of this he complaines to the King of France who disownes the action and gives La Tour a power to seize Dobry wherever he findes him in order to satisfaction.

La Tour returning to Nova Scotia findes Dobry dead and marrying his widdow enters into possession of Port Royal which he now holds by that right.

Att the length viz 1655 Sedgewicke haveing a designe of attempting Something in America, upon ye Duch Manadons, and the peace wth Holland having diverted him; turns without order his force upon ye French in Nova Scotia, seizes la Tours Fortes and brings himselfe prisoner to Cromwell, but Cromwell thought fitt to restore that Country to La Tour and with him (upon Articles agreed between them) to Tho^s Temple & William Crowne by a deed in August 1656 and soe it remained when ye King returned — It may be doubted

NOVA SCOTIA

A quære whether it belong to ye French King or his ma^{ty}; and In what hands it hath been since the first discovery thereof by Mon^{sr} de la Tour, in 1605.

An Account of Nova Scotia

Nova Scotia or Arcadia (as the French call it) was discovered by the English unto ye river Canada in the reign of Henry the seventh further discovered in 1535: in Q Elizabeths Reigne see — Hackluyts 3 volume & Purchas his pilgramage eighth Booke

In 1627 & 1628 there happened a war between France & England Sir Lewis Kirke John Kirke and partners and Sir

William Alexander sent severall ships thither and surprised ye French ships sent with provisions to strengthen it and after wardes, Port Royall Fort Quebec Cape Breton and severall other places.

Afterwards viz On 24th April 1629 acts of hostility were to cease, and all taken two months after that to be restored to ye great damage of Kirke & March ye 29th 1632 By an article of agreement Arcadia Canada Port Royal Fort Quebec and Cape Breton was to be delivered to ye French the French King to pay 4436^l to Sir Lewis Kirke by Du Cape a Frenchman who was protected by ye French King that he could not be compelled by Courts of Justice to pay ye same. The king our Souveraign did not intend to quit ye title but ye 11th May 1633 on consideration of 50,000^l charges ye Kirkes had been at in Surprising Quebec and other places on ye River of Canada which before were under ye French King and in regard of the obedience of Kirke in compliance with ye treaty did by patent of ye 11th May 1633 grant unto Lewis Kirke ye sole trade into the s^d river Gulf lakes and adjacent islands and continents on both sides ye s^d river for 31 years. In February 1633 Kirke set out a ship called ye Mary Fortune bound to ye river Canada (there being peace between England and France, where shee traded a month and the Bon-contempt vice admiral over powering her brought her to Diepe where shee and her lading were confiscated being worth 12000^l).

The complaint for this Ship & ye 4436 being continued no redress was granted.

In 1654 Cromwell in hostility with ye French Armed out a fleet which seized on Port Royal Fort St John Pentagout &

Nov^r ye 3^d 1655 the French waived their claim as to the present Restitution of those places but referred the decision of that and other differencies to Arbitration.

1. Acadia lyes between 42 & 45 of North latitude including the great rivers of Canada which contains ye gulf of St

Laurence which at ye Entrance is 22 leagues broad and extends itself 800 miles west and by South into many great lakes lying on ye backside of the English plantations it may therefore concern his Ma^{ty} to keepe ye place demanded by ye French Ambassadors and to plant colonies up and down Canada and Nova Scotia

2. It is fertile in corne & pasturage

3. It is stored with comodities supplied by ye sound as, pitch, tarre, hempe, masts, timber fures, which single trade bring great revenue to England and other advantages besides copper and other mines.

4. The reducement of it under his majesties Dominions will divide America with ye Spaniard and unite all our plantations, between which ye French do now interpose and if not timely prevented will give them an advantage to destroy ye trade of seale, whale, cod & morse fishing which though plentiful is ye least thing considerable and by degrees make them able to infest our said plantations and disturb our navigation in those seas and perchance Arme ye Indians against us.

Memorial of the French Ambassadors about the restitution of part of Acade to Mon le Borgne.

Read in Council 27th Novr. 1661

In the year 1628 the French king granted the province of L'accadie to the company of New France, forbidding in the said grant all persons of what quality soever to trafficque with the savages by way of Trucke for Skinns, which is all the product and commerce of that Country

In 1657 the Company of New France nominated unto the King Sieur L'Borgne to be Governor of the said province, whereupon the King gave him a commission to comand there in that quality and renewed his prohibitions concerning the trafficque & trucke aforementioned

Contrary whereunto in August 1661 an English Barque

of 15 or 16 tunn was met with in the Port of La Heue (which is in the midst of the said province) laden with 200 beauer and 60 other skins, gotten by Trucking and with other comodities intended for the continuance of that traficque, In this condicõn the vessel was taken by the said Sieur Le Borgne his son (the Kings Lieutnt in his fathers absence) and thence brought into France; where the Court of Admiralty desiring to proceed against seven of the ships Company according to the extremity of the laws, and to that end having imprisoned them, the Said Sieur Le Borgne consented to their enlargement whereupon they were set at liberty. The said Sieur le Borgne being now in London by order from the king in the French Ambassadors family to wait an issue of his sollicitations with the King of Gt Britain, for restitution of a part of L'Accadie usuped by the English under an illegall Government and upon pretent of a surepetitious grant from Ol. Cromwell against all right Sieur Bataille, secretary of the French Embassy doth in the Ambassadors absence desire that seeing the justification of the said prize depends upon that regulation which is expected concerning the said Restitution, the King of Gt Britain would be pleased in the mean time to suspend and surcease all orders that may be required against the said Sieur Le Borgne by the owners of the foresaid Barque, forasmuch also as he offers to give security not only to the value of the said prize but of all the others taken by the French from the English as offenders against the foresaid prohibiçons, In case the said restituçon be not adjudged to be made provided that at the same time those that shall appeare as parties do offer and do the like for the prizes which will be proved to have been unduly taken from him and the French in the said province by any of his ma^{ty} of Gt Britain his subjects

French Ambassador Concerning L'Accadie

*State of the Colony of Kenebeck from the Commission^{er} of
New England*

1665.

On the North East side of Kenebeck River (which is the bounds of the Province of Mayn) upon Shipscot River; & upon Pemaquid, eight or ten miles asunder, are three small Plantations belonging to his Royall Highness; the biggest of which hath not above thirty houses in it & those very meane ones too & spread over eight miles of ground at least These People for the most part are ffishermen, and never had any Government amongst them, most of them are such as have fled hither from other places to avoid Justice; Some heere are of opinion, That as many men may share in a woman, as they do in a Boat, And some have done so.

The Coñmiss^{rs} for necessity sake have apointed the best whom they could finde in each place, to be a justice of Peace & have ordered three of those Justices of the Peace in the Province of Mayn who live next to them to joyn with them in holding of Sessions till further order be taken.

In these parts are the best white Oakes for Ship Timber. All the Lands granted to his Royall Highness in these Northern parts of New England except these three Plantations, are also granted to Sir Tho: Temple in y^e Patent of Nova Scotia.

Report of George Cartwright one of the King's Commissioners respecting the New England Colonies, and place it before the "State of the Colony of Kenebec."

My Lord.

As in duty bound, I humbly present to your Lordships view this brief relation of the actings of the Commissioners in New England & of each Colony by it selfe. The papers by w^{ch} all this & much more might have been demonstrated were lost in obeying his majesties commands, by

keeping company with Cap: Pierce who was laden with masts. For otherwise in probability we might have been in England tenne dayes before we mett the Dutch Capn, who (after we had defended our selves two howers) took flight, & landed in Spayn.

For the R^t Honb^{le}.
The Lord Arlington
Principall Secretary of State.

Your Lordships
most humble servant

30 May. 1665. A Letter from the Governour of New England with Affidavits enclosed to Sr William Morice princepall secretairy/ Amongst the Papers of Mr Gorges and Mr Hartlib/

Whereas the Generall Court of Mattachusets in y^e yeare 1652./ appointed us whose names are here undersubscribed to Lay out the Northerne Lyne of our Patent, and now being called to give Testimony of what wee did therein, to this wee say as followeth./

Besydes our returne in the Court Book in page 103. Wee Indented with two Indians well acquainted with Merimack River, and the great Lake to which wee went borne and bredd all their dayes thereupon, the one named Pontanhum, the other Ponbokine, very intelligent as any in all those parts. As wee conceived, wee covenanted, with them to lead us up Merimack River, soe far as the River was Merimack River, when wee come short of the Lake about 60 miles there came two Rivers into one, one from the Westward of the North, and the other from the Northward of the East, the Westerly River to mee as I then thought was bigger than the other. But takeing notice of both these Rivers, and knowing wee must make use of butt one.

I called the Indians to inform us which was Merimack river; their answer was, the river which was next unto us, that came from the Easterly point, Which River wee followed into the Lake this 17^o May. 1665. Witnessse our hands.

18: October. 1654.

M^r Jonas Clarke and M^r Samuell Andrewes both well skilled in the Mathematicks, haveing had the commands of Shippes upon severall Voyages, being appointed to take an observation of the Northerly Bounds of our Pattent upon the Sea Coasts, made this Returne, as Followeth.

Our observation taken the 13th day of October 1653.

The place of our last observation, the Altitude of the same was according to observation, and our best Judgement 34 Degrees 24 Minutes, the Declination of the Sun according to Calculation in England. 11 degrees. 39. Minutes, the Difference of Longitude betwixt this place and England according to our best Judgement is 63 degrees, which in tyme makes four houres, and one fifth part of an houre, Which adds to our Declination three Minutes and forty seconds, all which altitude declination, and Meridianall difference being added together doth make. 46. degrees. 16. Minutes. 40 Seconds. which being subtracted from 90 degrees, gave us to be then in our Latitude of 43. degrees 43. Minutes. 20 Seconds. which was 8 seconds to the Northward of our Latitude given, which wee Measured back againe upon a South Lyne, and there fell in a very plaine place, where were fewe trees. But wee marked 4 or 5 Trees, one of them marked with M. B. and at the Sea syde where the Lyne doth Extend, there Lyeth a Greyish Rock at a high water Marke cleft in the Midle else y^e shoare being Sand without Stones, the Lyne doth runne over the Norther most point of an Island, as wee guesse not above 2 or 3 rodde above high water Marke. The Island is called the upper Clap board Island about a quarter of a mile from the Maine in Casco bay, about 4. or 5. miles to the Northward of M^r Macworths house. Given under our hands

29th October. 1653. Jonas Clarke. Sam : Andrewes

M^r Clarke being absent, M^r Sam : Andrewes upon Oath testifies the truth thereof as followeth :

You swear by the living God that the returne you made under yo^r hand of the Observation you made on the 13th Octob^r, on the Northerly Bounds of our Pattent is true according to the Rules of Art and your Best skill and Judgements.

I Richard Walderne being called by the Generall Court to
give in Evidence of what I know about y^e name of Meri-
mack River, Testify and say, that about 30 yeares since
haveing some Commerce of Trade with the Indians at Pascat-
away, and many others both of Pancatuck and Winipicioket,

did enquire what they called the River at Pemywoke, they said it is Merimack, and enquired why there were other names given upon that River.

The answer was, such names referred to the places of Land where Indians Live upon the River, not the River itself. But the river beareth the name of Merimacks not only in the Branch w^{ch} runneth from Winipicioket but the other Branch which runneth more westerly.

Also likewise about 6 years since being sent for By Passaconaway and severall other Sagamores, where there was a great many Indians at Pemy-Cooke, and being then at the Fort which was by the River syde, and enquiring concerning the name of the River, received the like answer as is above express't. Translat/ 10 Sept: 1667. Representation of S^r Lewis Kirk & M^r John Kirk concern Accadis./
 Representation of S^r Lewis Kirk &c, concerning Accadie/

For what concerneth those 3 Bulwarkes or fortresses in the Parts of L Accadie or Nova Scotia erected, & by the French Ambassador pretended unto, as pertheyning to the Territories of the French king in America unto the king's most Excellent Ma^{ty} and his Hon^{ble} Council his humble & devoted subjects S^r Lewis Kirk, and John Kirk Esq^r Brethren in all dutifull observance and obedience, do most humbly represent as followeth/

1 That it is a thing remarkably known that the whole Tract or Space of land in America lying on either side of the River Canada, which a long time since were known by the Names of Nova Francia & Nova Scotia, were at first discovered & found out by the English in the Time of king Henry y^e Seventh king of England, which expedition was first undertaken at the Comānd and Charges of that king. Afterwards was furthered & carried on by the favorable aspect of Queen Elizabeth; so that in processe of time for many years together, the said Tract of Ground with absolute priviledge of free Commerce fell under the Jurisdiction and power of the Crown of England. Neither was it unto any other Christian Princes, or their Subjects more clearly known or discovered, untill about the year 1600: Some of the french understanding the benefitt ariseing by Traffique in the River of S^t Lawrence, having formerly & by force of Arms seiz'd upon that Tract of Land, scituate on the North side of the said flood or River Canad a did afterwards in Año 1604: under the Conduct of Lord of Monts

who in the year 1606 was brought by Mr de Pourtring Court possesse themselves of L Arcadie lying on the South side of the said River naming the whole Nova Francia challenging & vsurping to themselves for many years at least de facto the Possession thereof with Sole Liberty of Commerce there although de Jure as well by reason of the first discovery & a long continued possession thoreof by the English, as of a Peace at that time Established between the Crowns of England and France they had no colour or claim thereunto./

2 In anno 1621 king James of England taking notice how unjustly & contrary to the Law of nations that Invasion was made & looking upon the Possession gotten them by the French, as upon an Invasion did by His l̄res Patents grant unto Sr William Alexander a Scotchman (created afterwards Earl of Sterling by King Charles the first) L Accadie by the name of Nova Scotia who in the yeare 1622, & 1623, after Sr Samuel Argal had driven out Biard & Masse & demolishing their fort carried them Prisoners to Virginia having obteyned the Possession thereof planted a Colony therein, and kept Possession thereof for about 2 yeares afterwards, untill such time as upon the marriage of His Ma^{ty} king Charles the first with the Lady Henrietta Maria, the said L'Accadia or Nova Scotia was by order of the King of England returned into the Possession of the French :

3 Afterwards a Warr ariseing between his Ma^{ty} King Charles the first & Lewis the 13 : Año 1627 : & 1628. Sr David Kirk & his Brethren and Relations of England did by vertue of His Ma^{ty}s Commission send to Sea at their great charge first 3 : afterwards 9 : shippes with Warlike Preparations for recovering of the Possession of the said Lands lying on either side of the said River Canada, & to expell & eject all the French tradeing in those parts wherein they had good Successe, & in Año 1627 : did there Seiz upon

about 18 : of the French Shippes wherein were found 135 peeces of Ordnance designed for releife of the Royal Fort in L Accadie & Quebeck in Nova Francia under the Command of M^r de Rockmand & Mons^r de La Tour Father of de la Tour Governo^r of the said Royal Fort whom together with the said Shippes and Gunns they brought into England.

And in the yeare 1628 : they possessed themselves of the whole Region of Canada or Nova Francia Scituate on the North side of the River, together with the Fort or Castle of Quebeck, S^r Lewis Kerk being then constituted Governor of the Place, the French being then either expelled or conveyed into England, and the Arms of the King of England being Publickly there erected and every where placed. And before the yeare 1628 : it was brought to pass by the said S^r William Alexander (assisted both by the advice and Charge of the said Kirk) that in the Parts of L Accadie or Nova Scotia on the South Side of the River Canada the whole with the Forts thereon built being by him Subdued presently came under the Power of the King of England, that Region on the South Side falling into the Possession of the Said S^r William Alexander, and that on the North Side into the Possession of the Kirks.

4 On the 29th March 1632 : a Peace being concluded between his Ma^{ty} King Charles the first and Lewis the 13 it was amongst other things on the part of the King of England agreed That all the Forts as well in L'Accadie as in Nova Francia should be restored into the Possession of the Subjects of the French King which was exactly performed on the part of the English, though to the great damage of the Kirks. but on the part of the French although it was agreed as in the 4 : & 5 : Articles of Peace is sett down (to which reference is had) yett nothing was ever performed of their parts. So that the Kirks did thereupon suffer Loss to the value of 5000^{li} sterlin which were to be paid them by

M^r de Cane a French man, but remaine unpaid to this day.

5 Anno 1633: the King of England taking notice that although the Forts & Castles according to the League were to be delivered up into the Possession of the French (especially such as had been erected during their Possession thereof) yett that his English subjects were not to be excluded from Trade or free Commerce in those Regions that were first discovered and possessed by his Subjects, did with the Advice of his Councill by His letters Patents dated the 11th May 1633: upon Consideration had of the Expences which the said Kirks had laid out upon the Fort of Quibeck to the value of 50000^l and also of their ready obedience in resigning up the same on his Royall Command did graunt unto S^r Lewis Kirk and his Brother John Kirk & his Associates for the Term of 31 yeares (not yet expired) full Priviledg not only of Trade & Commerce in the River Canada & places on either side adjacent but also to Plant Colonies and build Forts & Bulwarks where they should think fitt.

6 By vertue of which Commission S^r Lewis Kirk, and His Brother John Kirk & his Associates in the month of February next following viz: in 1633: Sett forth a Shipp called the Mary Fortune laden with goods of a considerable value consigned to those parts where during her tradeing there without any just offence given & in time of Peace shee was by the French forceably Seized on, & carried into France & her lading as if shee had been lawfull Prize confiscated whereupon the Kirks suffered loss to the value of 12000^l and although the Hon^{ble} Lord Scudamore Ambassador in France by the King of Englands special Command, and the said John Kirk being then in person by the King's Command did often earnestly urge that the monys due to the Said Kirks and the said shipp with her Ladeing might be restored, w^{ch} for no other Cause had been seized upon and sold but only for that by the King's Commission Shee

was found tradeing at Canada, yett he could obtain nothing but after some yeares fruitlesse endeavours returned into England without accomplishing his desires

In the yeare 1654: Cromwell although an unjust Vsurper of the Goverment, yett upon Consideration of the P^rses taking a just occasion for requiring the possession of L Accadie sends forth severall Shippes under the Command of one Sedgwick who by vertue of the authority graunted him by Cromwell Assaulted & subdued the aforesaid Forts in Nova Scotia and restored them into the Possession of the English And although in the yeare 1655 a League of firm peace of Amity being concluded between Cromwell & French King, The French Ambassad^r did often urge the restitution to the Possession of the French, yett for the same causes aforesaid which had moved Cromwell to seize upon them it was thought fitt still to reteyn the Possession of them, And although according to the purport of the 25 Article of the Peace Commissioners on both sides were to be appointed for the desideing & determining that Controversy: yett nothing was done therein. neither did the Commissioners ever meet within 3: months as in the 24th Article of the Treaty was provided and agreed, So that now the Case is very clear, that the Possession to the English remains firm, & Just, and that the Forts and Bulwarkes before specified are without all peradventure under the Power and Jurisdiction of his Ma^{ty} the King of England.

The Truth and certainty of which conclusion in Law and reason, which very clearly and fully ariseth from the Premises wee readily grant & Assent unto, which Notwithstanding from the reason & Considerations following shall be made evident & more Confirmed./

1 To say nothing how the first discovery and Possession of the Regions above mentioned was clearly made & taken by the English Subjects, in regard of the many & divers Vicis-

situdes frequent Spontaneous unconstrained changes & resignation of the Possession thereof, wee insist no further herein then only that from thence wee clearly evince and manifest that there was perpetuum Jus a Constant continued Right at least of the Traffique and Commerce in those Regions invested in the English which no Surrender or resignation for the time being of the said Forts in those parts could any wise infringe or extinguish.

2 In regard the Fortresses and Bulwarks above mentioned in L'Accadie or Nova Scotia after that they had in the year 1628: been taken by the Law of Armes were not in any other sense restored to the Possession of the French in anno 1632: then under the Performance on their Parts of Certain articles or Conditions (for every respective Article in a League or peace hath the force and efficacy of a Condition implied) which Conditions were by them never performed to this day Therefore from the Premisses nothing Seemeth more evident and Consonant both to Law and equity, then that the Surrender or resignaçon thereof made by the English should be null and voyd the Agreem^t dissolved and frustrate & the Forts & Bulwarks be restored & return into their first Estate as if such Resignation or Surrender had never been made./

3 And for this very Reason that Fortress or Bulwark of Quebeck in Nova Francia which still remains in the Possession of the French seemeth that it may be Justly demanded back by the Kirks by greater reason & Stronger Colour & force of Law, then those fortresses Now in the possession of the English in Nova Scotia are Challenged & pretended unto by the French, seeing these did by right of the Law of Arms and after the violation of the Articles of Peace clearly return into the Power and Possession of the English, but that Seemeth to be unjustly detained by the French without all colour of Law seeing they failed in Per-

formance in that, for which the said Surrender or resignation was made by the Kirkes.

4 But whereas they yett remaine not only not Contented with their unjust detayning of the Castle of Quebeck on which the Kirks ought to insist and never to Cease claim till they be fully satisfied of those great Summs of mony which according to the Expresse Articles of the Peace were to be repaid them. But also notwithstanding that liberty & Priviledge of force traffique and Commerce in those parts, acquired & purchased, not only by the first discovery & seizure of those places by the English but also by force & vertue of the King's Ma^{ty} speciall Commission granted and obtained for the Just Causes therein particularly expressed they Seized upon the Shipp Mary Fortune abovementionned withall her Ladeing of goods belonging to the Kirks & exposed the Same to publick Sale. Why then was Cromwell blamed or the French Ambassado^r Complain against him because out of Consideration of the Premisses he had seized upon those Forts & Castles and restored them into the possession of the English, and he although an unjust or wicked invador of anothers Right & Governm^t and So of Necessity it must follow that those aãcõõs & matters of State which he exercised & managed during his usurped Governm^t could have no efficacy & force from any right of his which was none, yet it hindered not, but that what he could not acquire or accomplish to himself nor yett derive to another (namely Coff Temple might be & was justly and lawfully acquired and gott by his Ma^{ty} who had Lawfull right to the Governm^t; Hence it was that those Forts in Nova Scotia obtained and acquired by Cromwell's Act do with no Less right yeild and Submitt to the Governm^t and Power of His Ma^{ty} the King of England, then either Dunkirk or Jamaica, which single reason doth Strongly oppose, and plainly destroy the Pretentions of the French Ambassador, because the French

King Concluded a Peace with Cromwell & acknowledge the Governm^t invested in him. So that the Ambassador had no cause, to blame Cromwell, for any wrong done because in that mutuall League they did not Stick to attribute to & Acknowledge in him the highest right & power in the Governm^t of England.

And in regard in that Treaty of Peace for the Causes afores^d Cromwell did not think fitt to restore to y^e french the Forts & Castles afores^d w^{ch} chiefly concern y^e Kirks. Therefore seeing there was no other or better reason could be assigned of the Seizing upon & deteyning those Forts then a plain & manifest violaçon & breach of that League concluded in año 1632: ever since the s^d Forts wth that of Quebeck had been resigned into the possession of the French. And in regard y^e Loss and damage arising by that violaçon a breach of the peace, doth only concern & fall upon y^e Kirks (the like occasion of Complaint happning to none other of the English nation beside) For these causes & respects they wth great confidence & Submission hope that your Ma^{ty} will please to consider with your self, & according to y^e Equity & merits of y^e Cause to order & determine that those Forts above mençoned (which soever shall seem good to your Ma^{ty} either to retayn them or restore them, to the French or otherwise to grant or dispose of them to any others as your Ma^{ty} shall think fitt) may yet according to y^e law of Equity be liable for & obliged to make good & fully to satisfy all such losses & damages as the Kirks especially above all others of the English nation, have Susteyned & suffered by means of y^e French/

All which Premisses they do most humbly referr and

Submitt to your most Excellent Ma^{ty} & your most hon^{ble}
Councill/

Title of the English to Nova Scotia./

Nova Scotia or Acadie (as the French call it) was discovered by the English unto y^e River Canada in the Reigne of Henry y^e 7th further discovered in 1535 in Q: Elizabeth Reigne, see Hackluyts 3^d Volume & Purchas his Pilgrimage 8th Booke./

In 1627 and 1628: There hapned a warre betweene France & England, S^r Lewis kirke, John Kirke & Partners, and S W^m Allexander sent severall Shippes thither, and Surprised the French Shippes sent with Provisions to strengthen it & afterwards, Port Royall, Fort Quebec, Cape Breton and severall other places.

Afterwards, viz^t on 24th Apr: 1629 Acts of Hostility were to cease, and all taken two Months after that to be restored to the great damage of Kirke &c.

March, the 29th 1632, By an Article of Agreement, Acadia, Canada Port Royall, Fort Quebec and Cape Breton was to be delivered to the French, the French King to pay 4436^l to S^r Lewes Kirke by Du Cape a French man, who was protected by the French King, that he could not be Compelled by Courts of Justice to pay the Same.

The King our Sovereigne did not intend to Quitt y^e title, but y^e 11th May 1633, on consideration of 50000 : Charges y^e Kirkes had been at, in Surprising Quebec, and other places on the River of Canada, which before were under the French King, and in regard of the Obedience of Kirke, in Compliance with the Treaty, did by Pattent of 11th May 1633, grant unto Lewis Kirke, the Sole Trade into y^e s^d River, Gulfes Lakes and adjacent Islands & Continents, on both Sides the Said River for 31 years :/

In Febr : 1633, Kirke Set out a Ship called the Mary Fortune bound to the River Canada ; (there being peace between England and France) where Shee traded a Month, and y^e Bon Contempt, Vice Admirall overpowering her, brought her to Diepe, where Shee & her Lading were confiscated being worth 12000^l/

The Complaint for this Ship and the 4436^l being Continued no redresse was granted.

In 1654 Cromwell in hostility with the French armed out a Fleet, w^{ch} Seised on Port Royall, Fort S^t John Pentagoet &c^a/

Nov^r the 3^d 1655, the French waved their Claime as to the present Restitution of those places, but referred y^e decision of that and other differences to arbitration.

Accadia, lyes betweene, 42^d and 45^d of North Lat : including the great River of Canada w^{ch} Containes the Gulfe of S^t Lawrence w^{ch} at the entrance is 22 Leagues Broad and extends its selfe 800, miles west & by South, into many great Lakes lying on the back side of the English Planta-

tions, it may therefore concerne his Ma^{tie} to keepe the places Demanded by y^e French Ambassadors and to Plant Colonies up & downe Canada and Nova Scotia/

It is fertile in Corne & Pasturage./

It is stored with Comodities supplied by the Sound as Pitch, Tarre, Hempe Masts, Timber, Furrer w^{ch} single Trade will bring great Revenue to England and other Advantages besides Copper & other mines.

The reducement of it under his Ma^{ties} Dominions will divide America with the Spaniard and unite all our Plantations Between which the French do now interpose, and if not timely prevent d will give them an Advantage to destroy the Trade of Seale; Whale, Cod, & Morse fishing, w^{ch} though Plentifull, is the least thing Considerable, & by degrees make them able to infest our S^d Plantations & disturbe our Navigations in those Seas, and per. hance Ar. ne the Indians against us./

S^r

This day S^r Robert Carre delivered me your letter, for w^{ch} I thank you; and shall, (to the utmost of my power, in order to all my obligations, those of discretion, as well as Loyalty) endeavour to observe all his Majesties instructions: Here we find a great probability of obstruction (of w^{ch} I gaue you information before, but fearing it may have mis-carried, shall tell you them again.) It is reported here, y^t we have already cost this country 300^l Major gen^l Leveret (I am told) hath received 34^l for his expences extraordinary in entertaining you; it is reported also y^t we are to demand 12^d for each acre of ground improved, & 3000^l a year besides, y^t we are to infringe the discipline of the church by compelling children to be baptized; & that we interrupt their form of government, by our admitting of appeales; here are also severall whisperings, & laying of wagers, that we shall never sit here as Commissioners; and it is certain, that these people have twice sent letters to my L^d Chancelor since August last. Upon these considerations, I doe think it will be better to beginne at Conecticote, and to despatch the other 3 colonies, before this. For, if we have good successe there, it will be a strong inducement to these to submitt also to his Majesties Commission; and if these should any wayes oppose us, it would be an ill precedent to the other; then the difference betwixt M^r Gorge's patent & this, does seeme by the kings letter so reserved to himselfe; but those that are concerned in it, hope before May to have letters, & orders to referre it to us; & it is probable, y^t by that time, we also may have letters for our further instructions; and this Colony being both the richest, greatest, most populous, & inclinable to a common wealth, we ought to have the greatest circumspection about it. I cannot con-

ceive how it is possible for us to get a good election made for the next generall assembly, seing none can elect, nor be elected, but such as are church-members, and of them, there is never a barrel better herrin. I think, it will be the best therefore for us to take all the best cources we can, & I know none yet besides writing to severall friends, to desire all the country to come in at the next court of Election, w^{ch} will be in the beginning of May, that we may communicate to them what the king hath given us in command; and then to deal with them, as wel as we may. I hope, I shall prevayle with S^r Robert Carre, & M^r Maverick, y^t we may be at Road-island, before the first of March at the furthest. I have seen all the papers, w^{ch} you have sent, but have not perused them yet, & therefore do not understand how we can be both judges, & solilcitors in Duke Hamiltons, & M^r Masons cases, but I hope when I have read, & considered y^m that difficulty may be resolved. Here is now a court sitting in Boston; & M^r Winder hath had a great tryall gone against him; he had many substantiall men, & merchants that gave evidence, for him, upon their oathes; the other party had but one wittenesse sworn, yet him selfe being a church member carryed the caus, hard born. I am very glad that M^r Willet intends to goe immediatly to you, (by whom I hope this letter will come safe to your hands) I believe him both a very honest, and an able gentleman; and y^t he will serve you both for a Mayor, & a councelor. I wil onely say, that the fort is not to be kept 2 dayes longer, nor 2 howers, by having the walls rayseed higher, in my opinion and therefore a battery upon the point would be of greater advantage, & more considerable then the fort it selfe, if ever the town be fortified, the same materialls will serve in both places. Major general Leveret is making such a work under the fort-hill, & removes great stones of ten tun weight & more. The Dutch expect the English lawes at

their six months end; and it is probable, they wil rather take that for oppression, w^{ch} shall be imposed on them afterwards, then for the present, acknowledge your indulgence in letting them, for a while longer, use their own lawes; but your own convenience in this, is the greatest consideration. Here is another vessel goes for England about 14 dayes hence. Against May, I pray you send me order where & how I may receive the remainder of the 250^{li}; I have not gone to dinner with any towns man since I came, suspecting them to be, as I fear they are, yet all such as come to see me, and those are very few, I use as civilly as I canne. The saving of a little expence shall not be an occasion in me of hindring his Majesties service, so much I have considered these peoples temper, with his Majesties caution, That all designes of profit for the present seem unreasonable, & may possibly obstruct the more necessary designe upon their obedience, & loyalty. They have altered the law for freemen, w^{ch} I send you enclosed, I like it not, the reason is so visible, I wil not trouble you with it. But with my hearty wishes for your prosperity & successe there, and for your company, & assistance here, rest

Your most affectionate servant

And we hereby give power, & authority to any three, or more of the above named Justices of the peace, to meet at convenient times, & places, as heretofore other Magistrates have mett; or as they shall thinke most convenient; & there to heare, & determin all causes both civill, & criminall; and to order all the affaires of the said province, for the peace safety & defence thereof; proceeding in all cases according to the laws of England as near as may be: and thus to doe untill his ma^{tie} will please to appoint an other governm^t

And in his Ma^{tis} name, we require, & command all the inhabitants of this province to yeild obedience to the said Justices, acting according to the laws of England as neare as may be, And in his Ma^{ties} name we forbid, as well the Commissioners of M^r Gorges, as the Corporation of the Massachusets bay, to molest any of the inhabitants of this province with their pretences: or to exercise any authority within this province, untill his Ma^{ties} pleasure be further knowne, by virtue of their pretended rights.

The King's Comm^{rs} to Sec. Lord Arlington/S^r

After the Court at Boston was ended (of which we sent you an account before) we went to visit the Eastern parts, & first we past a tract of Land laid claime to by M^r Mason, who petitioned his Maj^{ty} about it; his Maj^{ty} refer^d it to S^r Robert Mason, & others, who made their report to the King; all which M^r Mason sent to Colonel Nicolls, whom he made his Attorney: This Province reaches from 3 miles north of Merrimak river to Piscataquay river, & 60 miles into the Country: We find many small Patents in it, & the whole province to be now under the usurpation of the Massachusets, who once set up a bound house 3 larg miles north of Merrimake, & owned it for above 12 yeares, yet since claimes all this, & 60 miles more to the north to be within their patent. Col/. Nicolls being bound to attend de Ruiters attempt against New Yorke, & not being here, we left them as we found them, under the Massachusets government; though they were very earnest, to be taken under his Maj^{ties} government, as will appeare by their peticons, which we have sent herewith. From Piscataquay, Eastward to Sagadahock, & 120 miles into the country is an other province called Yorkshire now by the Massachusets under whose governm^t we found it, formerly called the province of Maine, in the Kings Charter, by which it was granted to S^r Ferdinando Gorges: The inhabitants of this province were much troubled by the contests of the Massachusets, & the Commissioners of M^r Gorges; & being weary of the unjust, & partiall acting of the Massachusets: & fearefull of the proceedings of the other, generally petitioned us to take them into his Ma^{ties} more immediate governm^t which we did do: & appointing some to act as Justices of the peace, & to hold Sessions, wee discharged both the other from exercising any authority untill his Maj^{ties} pleas-

ure be further knowne: This hath already given such satisfaction to the people that they have petitioned his Maj^{ties} that they may for ever be governed by his commands, as will appeare by their petiçon, which also we have sent herewith. And thus we did, being assured that it was the best expedient we could use, both to procure the peace, & quiet of that province, & to end the differences betwixt the two pretending parts for the present, leaving the finall determination to his Maj^{ties} wisdom. In this province are 5 townes Kittery, York, Wells, Scarborough, & Falmouth: They build all by the sea side: Their townes are 5 or 6 miles long at the least; though they have but 30 houses in them, & those very mean ones too. If there be not better governm^t established amongst them, & more care taken of them, that Province will never be either well peopled, or well cultivated. The places beyond Sagadahock were given to his Royall Highness by his Ma^{tie} Yet, as Col. Nicolls desired who could not attend to go himself, wee have appointed some to governe them for the present, as there was great need. Upon 3 rivers, the East of Kenebeck, Shipscot, & Pemaquid there are 3 plantatçons, the greatest hath not above 20 houses, & they are inhabited by the worst of men: They have had hitherto noe governm^t & are made up of such as to avoid paying of debts, & being punished have fled thither: For the most part they are fisher-men, & share in their wives as they do, in their boats. Wee were up within Piscataquay river July the 9th when we received his Ma^{ties} Ire of January 28th There being an excellent harbour larg, & safe, and 7, or 8 ships in it, & great store of Masts, we sent warrants to 4 towns upon that river, with an intent to have gotte that harbour fortified by them: but the Massachusets sent a prohibition to them, & a letter to us, by their Marshall, which put a stop to our indeavours. This place we think deserves fortifieing as much as any place in New-England.

We are tould by some of themselves, that they have ap-

pointed a generall Court to be on August 1st to consider how to mannag their opposition, for that they intend to maintain, the bounds of their patent as far as they have stretch't them: and to suffer none to make warrants or orders within the same but themselves: and to justifie their owne wayes for admitting Church members, & free men, though the King write never so offten to the contrary: some few exceptions they may make as acts of their favour to gain some to their partie, & to serve to delude the King, with a shew of complyançe: for if writeing will serve the turne (as they suppose it will) they can keep the business in agitation, untill the King and all his Secretaries there: and all his good subjects here, be weary of it.

If nothing of greater consequence make them to let it fall, which they hope may happen: And that, if his M^{tie} do not take some speedy cource, they who have declared their judgm^{ts} against them will be undone; As also all those who have petitioned for any redress: And that it is the case of the loyall party here, as not long ago it was in England; Though they be two for one; yet they are so over-awed, that they cannot help themselves: That both the readiest, & surest way is, for his Maj^{tie} to take away their Charter, which they have severall ways forfeited, which King Charles 1st was about to do a litle before the Scotch war in 1636, or 1637: And if his Ma^{tie} will assure the people they shall not be tyed to religious ceremonys, the generallity of them will be well contented: But this without a visible force will not be effected. This advice we have had from them; & this indeed is our owne opinion. We have heard severall say, though they do wish that the governm^t was otherwise; yet they had rather suffer as they doe, then take up armes against them: And indeed without this course, it will be impossible for the King ever to attain those two ends mentioned in our private instructions. If his Ma^{tie} should now let these people rest, having so much declared themselves against his authority over

them ; those that are well affected will never dare hereafter to declare themselves, besides all the other ill consequences which must necessarily follow. Those who have declared themselves loyall, are very much threatned, & in great feare ; & have earnestly prest us to sollicit his Ma^{tie} for their speedy defence, & safety, that they may not be Afflicted, or ruined for shewing their loyalty : We therefore earnestly desire you to acquaint his Ma^{tie} with their desires in this ; as also of haveing their children baptized : & themselves admitted to the Lords supper. If any thing be here wanting, we hope it may be supplied by Col: Cartwrights relation, & subscribe our selves

Sir R. Carr, & S. Mavericke to Sec. L^d Arlington/

Sir,

It being here rumored that Col^{ell} Cartwright is taken by a Dutch privateer hath put us into no litle confusion, & rendered us uncapable to give you so full an account of all our transactions in these parts, as we had done by him, by reason (that if he be taken) the originall papers of our transactions in these parts, are we feare lost, together with many materiall Petiçions of severall persons to his Ma^{tie} and to our selves; other writeings of concernment; and the Maps of the severall Colonies. Wee have made use of all oppertunities to give you from time to time Accounts of our proceedings: but fearing miscarriage, we hereby give you the trouble of perusing the inclosed papers; and this cursory recapitulation of what is in our present possession.

You formerly had account given of what was done in the three Southern Colonies: and (wee hope also you have rec^d one) of what was acted with the Gen^{all} court of the Massachusetts in Boston, after our arrivall in these parts, till May 30th for we sent you it by Cap^t Harrison. Wee shall send you by the next opportunity the copies of all other that are wanting of our transactions with them; we have them not here, for we sent them to New: Yorke to Col: Nicolls

Here inclosed, amongst others, you will find a copy of our report to his Ma^{tie} concerning Duke Hamiltons patent; Of which if by reason of Col: Cartwrights surprisall you have not the originall you may please to acquaint his Ma^{tie}

When we were in the southern parts at Warwick, John Porter presented us with a petiçon the copy whereof is amongst the others inclosed) signifying his greivance: where upon we ordered him to make proof of his complaints, & gave him his Ma^{ties} protection, till his cause was heard by us &c. We came from these parts to Boston, & stay'd there till the accustomed time of their gen^{all} Court came; at which

time Col: Nicolls haply came, together with us to treat wth them concerning the conteints of his Ma^{ties} comission, & privat instructions to us: We found them presumptious, & refractory, & could obtain nothing from them, that might be satisfactory to his Ma^{ties} desires: and their answers to the instructions of his Ma^{tie} to us (of which we gave them copies) were delaytory, & impertinent: Where upon, we of necessity, (as a Court of appeals) su^moned the Governor, & Company to answer to the action of M^r Thom Dean, & others (according to his Ma^{ties} instructions) in the case of the Ship Charles of Olleroon; to which they not onely refused to appear: but sent to us this inclosed declara^çon, upon May 24th 1665 by eight of the clocke in the morning, an hower before we intended to have sate: and proclamed it by sound of Trumpet, under Col: Cartwrights chamber window, he being then lame of the gout at Captain Bredons, where we intended to have sit. A copy of our answer, or conclusion with them you will see annexed to the same copy of their declaration.

At this gen^{all} Court June 2^d they comissionated M^r Simonds, & M^r Danforth to go into the Eastern parts, & to oppose us in our proceedings in what we were injoynd to act; as you will see by the inclosed copy of their Comission, a copy of which was given by them directed to S^r Rob^t Carr, we being in those parts, when they came to put it in execution; Where being; a letter from his ma^{tie} came to our hands signifying the War with the Dutch, & injoyning us to looke after the fortification of these parts against them, whereupon we sent out our warrants to Portsmouth, & other places in those Eastern parts to that end, & purpose: The Governor & Councell at Boston haveing notice by some one of their intelligencers, sent to the Constable of Portsmouth a prohibition of the peoples meeting, & to us a letter, copies whereof; & of our reply, here inclosed you will find;

As also a copy of their warrant to summons a speciall gen^{all} Court thereupon to be held Aug. 1st Thus far was sent by Col^{ll} Cartwright an exact account of all proceedings with the Massachusets & the other Colonies, as you may please to see by the inclosed copy of the letter we sent by him to your Honour.

Since that time, be pleased S^r to take notice that at the Gen^{all} Court then held, a warrant was sent by them to the Constable of Kittery in the Province of Mayne, a copy of which you have herewith: Wee haveing then settled the Eastern parts beyond Passataquay river under his Ma^{ties} immediat government, till his pleasure was further knowne (by reason, as you will find hereby, or their disquiet, & unsettled condiçon otherwise) the Massathusets (still reteining their wonted opposition) comissionated M^r Tho. Danforth, M^r Eliaz: Lusher, & M^r John Leveret, to go thither, & reduce them to their government: The inhabitants there having notice thereof sent to us a letter (the copy whereof you will receive hereby) under the hands of Cap^t Champernown, M^r Rishworth, & M^r Johnson, signifying their fear of them & desiring our direction what to do in the case; Whereupon S^r Rob^t Carr went thither, waiting till they should come to exercise such their Comission; In the meantime the Gentlemen in the Eastward parts made preparaçons for their coming as the copy of the letter herein inclosed from M^r Rishworth will give you to understand. These Comissioners came as far as Portsmouth; and S^r Rob^t Carr being then at Kittery hearing thereof, sent them a letter a copy whereof is inclosed: yet notwithstanding, they sent their peremptory summons, dated Octob^r: 10th to one Abraham Corbett to appeare at their next gen^{all} Court, which fell out the next day being 11th of Octo: last, to answer to a contempt (as they please to all it) for in a disorderly manner stirring up Sundry of the inhabitants to signe a petiçon, or remonstrance

against his Ma^{ties} authority there settled &c: From hence they went to Dover to keep Court. The Eastern people where informed, they would come in an hostile manner; and therefor met at Kittery, to have opposed them if they came over the river, which was supposed one cause of their speedy returne towards Boston, they going that night to Salisbury being 22 miles thence.

This being all for the present that we can informe you of; We desire (if it have pleased God that Colonell Cartwright have escapt with his life, & be in health) Your Hono^r will please to shew him this account, and the inclosed papers, that what is wanting, he calling it to mind may give you further informaçon thereof.

Before this could be dispatched, the Marshalls of Dover, & Portsmouth brought M^r Corbett hither a prisoner, having apprehended him by order of a Warrant to them directed from the Gen^{all} Court sitting last October: and carried him before the Governo^r who immediatly committed him to prison, there to continue till the next Gen^{all} Court: unless he procured Baylee &c: as by the copies inclosed you may see. Severall sufficient Gentlemen were proposed for it, and by them refused. The person still remains confined: and we can receive no satisfactory answer, for present, why. Wee committ it, to your judgm^t what to thinke of the matter, & hope you will signifie it to his Ma^{ties} remaining

Right Hono^{ble}

The dayly frownes of our displeased, & discontented Neighbours of the Massachusets upon us, & our present way of establishment, as appeareth by their comminatory acts formerly, & later indeavours, so far as they could effect their designes, doth occasion some to feare, others to hope for a change amongst us; which differing considerations are apt to divide our Judgments, if not disunite our affections, whereby the hand of authority comes to be weakened, our peace interrupted, & good order the more neglected. For the better countenancing whereof, it is our humble request, that your Hono^r would be pleased to propose our desires unto S^r Robert Carr, whose presence, at his owne convenience, in the Spring, would be acceptable to us, & w

doubt not, very effectuall amongst us, for the more stedly carrying on of the publique affaires of this Province; to the well settling of our peace at home, & discountenancing of molesters abroad, whose cheifest industry will be to divide us, thereby to dissolve us, the better if it may be to advantage their owne interest pretended; & to destroy ours; which by this meanes, wee hope, may bee prevented; and ourselves further ingaged under the greater obligations of thankfulness unto yo^r Hono^r for this favour, for whose welfare we shall ever pray, & at present take leave to Subscribe ourselves,

Sir Rob: Carr to [Sec. Sir W^m Morrice]

Sir/

Vpon the report of Colonel Cartwrights being taken by a Dutch Privateer, I take the boldness againe, to trouble you with a short account of what as concerning my owne business I wrote to you more largely, by him, least that should not come to your hands. W^{ch} was besides the generall account, which with the other Comissionees I had given you, I gave you one of my selfe, to this purpose. there is a tract of land lying from Cowessit South, & South West, to a river called Sagatucket, runing into the Sea, about Point Judith in the Narraganset country which I desire to setle upon. You know the Kings promise to me; and his command that I should acquaint you with my desire, and your token was that I should put you in mind that the King spoke to you, for me in your owne house at a private Musicke. That litle which I had gotten at delaware, & for which I had hazarded my life, I am told is given away, & one is now come to take possession of it; Wherefore I humbly pray yo^u to assist my sonne that I may have this land above mentioned, granted to me by Patent. If his Ma^{tie} has not disposed of delaware, & if he please to keep it in his owne hands, it will make a very convenient place of tradeing for the use of the Kings Province. As also the Eastern parts being under his Ma^{ties} owne Governm^t will be very beneficiall in a short time, in regard it is well stored

with the best Masts, & ship timber; which otherwise will be destroyed; and if the King would satisfie the pretenders to the severall small Patents therein, some other wayes, as it is the only desire of the people to be freed from them and to be under his Ma^{ties} imediate Governm^t as will appear by their petiçon sent by Colonel Cartwright. Also the people in the Eastern parts were very desirous that I should be their Governour, and would have altered their petiçon to the King but Colonel Cartwright could not stay, who can give you a further acco^t then I can by writeing. If the King will take these provinces under his owne Governm^t I shall serve his Ma^{tie} as faithfully as any he shall set over them: and I hope you will acquaint his Ma^{tie} with it, and stand my friend at this distance./

S^r After we from hence had dispatched a letter to you by Cap^t Thirston dated of November y^e 20th last, contening many copys of transactions here &c. came the inclosed copy of the petiçon of Wells Court to my hands, the originall whereof, as I remember, was sent by Colonel Cartwright: Also I going to visit M^r Corbet in the prison of this towne, about his Bailement, was presented with a petiçon from one Hoare, the which is here inclosed. So that by this you may in part see the greivances of his Ma^{ties} subjects here; If it have pleased God that Colonel Cartwright did arrive safe, he can let you heare of more of the like nature; I wish that his Ma^{tie} would take some speedy course for the redresse of these and the like innormities, and for the suppression, of the insolencies of these persons here./

Be pleased Sir, to be a friend to me concerning the conteints of the inclosed to Colonell Cartwright, which I have left open to your perusall; The reason is, something hath been (as I am informed) maliciously reported concerning me, which hath come to his Ma^{ties} hearing, & rendered his Ma^{tie} displeased with me; the which I doubt not but to cleare my self of, and thereupon have presumed to be so

far bold, & troublesome to his Ma^{ty} as to send a lre to be presented unto him about it, the inclosed is a copy of it. If it have pleased God that Colonel Cartwright be taken, & you please to pardon me for the giving you the trouble of presenting the inclosed (in his stead,) to his Maj^{ty} you will infinitely ingage me in through performance of what is my duty, & service to his Ma^{ty} and by some reall service acknowledge my selfe,

Conecticut./

The Colony of Connecticut returned their humble thanks to his Ma^{tie} for his gracious Letters, and for sending Commissioners to them, and made great promises of their Loyalty and obedience

And they did submitt to haue appeales made to his Ma^{ties} Commissioners, who did heare and determine some differences amongst them

All formes of Justice passe only in his Ma^{ties} name They admitt all that desire it, to be free of their Corporation.

They will not hinder any from enjoying the Sacraments and using the common Prayer Booke provided that they hinder not the maintenance of the Publick Minister

They will amend any thing that hath been done derogatory to his Ma^{ties} Honour (if there be any such thing) as soone as they shall come to y^e knowledge of it/

The Bounds betwixt the Dukes Province and Connecticut were mistaken by wrong Information, for it was not intended they should come nearer to Hudsons River then 20 miles, Yet the line was sett doune by the Commissioners to goe from such a Point Nor-nor-west whereas it ought to goe just North, otherwise the line will goe into Hudsons River.

They haue nothing to say against Duke Hamiltons Patent, But that their Writings were burnt, and that they bought that Land of the Lords Sey and Brooke, and others, and that his Ma^{tie} hath confirmed it unto them and that they never knew that the late Marquesse Hamilton had a graunt of it, for he never sent any to take possession of it, or to inhabite upon it.

Their Easterne bounds are determined to be a Line drawne Westward from the midst of the ford in Pawcatuck River neare to Shawes house, their Northerne bounds, is the South line of the Matachusets, which as they complaine is stretcht much too Southerly [This Colony hath many good Rivers and Harbours, many tounes but scattering ones, not

worthy of their names] and a Scholar to their Minister in every town or Village, but no places fortified except Seybrooke fort, which is much gone to decay, and here for the most part they are rigid Presbyterians./

Road Island./

The Colony of Road Island, and Providence Plantations returned their humble thanks to his Ma^{ties} for sending Commissioners, and made great demonstrations of their loyalty and obedience

They approved as most reasonable that Appeals should be made to his Ma^{ties} Commissioners, who having heard, and determined some causes among them, referred other some in Civility to their generall Court, and some to the Governour and others, some of which causes they againe remitted to the Commissioners to be determined

All proceedings in justice are in his Ma^{ties} name.

They admitt all to be freemen who desire it.

They allow Liberty of Conscience and Worship to all who liue Civilly.

And if any can informe them of any thing in their Lawes or Practise, derogatory to his Ma^{ties} honour, they will amend it.

The Marquisse of Hamiltons Pattent takes in all Road Island Colonies, and about halfe of Connecticut.

The Nanhygansetts Sachims did in the yeare 1644 by writing surrender themselues, their people and Country into the late Kings Protection, Two of which Sachims, now living did actually in their owne persons surrender themselues, Poeples, and Country into his Royall Ma^{ties} Protection, before his Commissioners, and delivered to them — that very deed made in 1644 which had been carefully kept by Mr Gorton &c

Whereupon the Commissioners According to their Instructions, entred upon the Country in his Ma^{ties} name, and haue

named it the Kings Province, haue taken the natiues into his Ma^{ties} Protection, and haue appointed Justices of the Peace to governe it, untill his Ma^{ties} pleasure be further knowne, for this Nanhygansett Country is almost all the Land belonging to this Colony which cannot subsist without it, and therefore the Commissioners ordered that the Magistrates for the Colony should be Justices of the Peace for the kings Province, that no difference may rise betwixt the Officers/

The Sachims did thankfully receiue two Coates presented to them in his Ma^{ties} name; in acknowledgem^t of their Subjection, they are to pay yearly upon the 29th of May two Wolfe skinnes to his ma^{tie}, and did now send two Capps of Peag and two Clubbs inlayed with Peag for a present to the King, and a feather Mantle, and a Porcupine Bagg, for a present to the Queene, which were all taken by the Dutch/

One of these Princes (named Pessicus) desired the Commiss^{rs} to pray King Charles that no strong Liquors might be brought into that Country, for he had had 32 men that dyed by drinking of it/

These Indian Princes gaue a long Petition to the Commiss^{rs} complayning of many Acts of violence and injustice which the Mattachusetts had done to them, amongst others they had first caused them to be fined, then tooke their whole Country in Mortgage (according to the Remonstrance sent to his Ma^{tie}) and would haue inueigled them out of it, But there could be no redresse, he Matachusets refusing to let y^e Commiss^{rs} haue the hearing of Appeales/

Their Western bounds are determined with Connecticut their Northerne bounds must be the Matachusets Southerne Line, wherever it falls which they complaine to be too Southerly/

Their Easterne bounds betwixt them and New Plymouth could not be determined by consent of both parties (Roade

Island clayming a thread of Land 3 Miles broad all the Length of the Mayne Land lying next to the Nanhygansett Bay, which without great prejudice they of New Plymouth could not part with) whereupon the Commiss^{rs} appointed the Water, the naturall Bounds of each Colony, to be their present bounds, untill his Ma^{ties} pleasure be further knowne/

M^r William Brereton Deputy Governour of Road Island having bought a farme upon that thread of land, which he hoped would belong to that Colony, humbly desires his Ma^{tie} that he may continue to possesse that farme, though it fall within the Limits of New Plymouth/

And D^r Alcock a Physitian having bought block Island for 400^l of some of Boston (who tooke upon them Power (never graunted them) to sell it) and having been at great Charges in Planting of it, desires his Ma^{tie} that he may not be dispossessed of it, he submitting to the Govern^t of Roade Island, both these Petitions to his Ma^{tie} are lost./

This Colony (which now admitts all Religions, euen Quakers and Generallists) was begun by such as the Mattachusetts would not suffer to liue among them, and is generally hated by the other Colonies, who endeavoured severall wayes to suppress them, They maintained other Indians against the Nanhygansett Indians/

The Commissioners of the united Colonies disposed of a great part of this Country, pretending they had conquered it from the Pequid Indians, But evidence being made that the Nanhygansett had conquered it before the English began their Warre, and that the right was in him who sold it to the Road Islanders, and his Ma^{ties} Commiss^{rs} not thinking it justifiable for any Colony to dispose of Land without their owne Limitts, determined it for the Roade Islanders/

The Matachussetts did maintaine Punham (a pretty Sachem in this Province) 20 yeares against this Colony, and his cheife Sachim, and did by armed Souldiers beseige, and take

Prisoners M^r Gorton Howden Wyhes Greene and others in this Province and carried them to Boston, put them in chaines, and tooke 80 head of Cattle from them for all which they could never yet get satisfactiō/

This Colony could never be acknowledged for a Colony, till his Ma^{ties} Charter was published, though in the yeare 1643 they sent over some into England to procure the Kings Charter then, but finding that unnaturall War begun, and the King gone from London, they tooke a Charter from the Lords and Commons, which was more then Newhaven did pretend to, and more then Connecticut could shew, Yet these two were admitted Colonies in their great Combination and Road Island slighted/

The Nanhygansett Bay is the largest and safest Port in New England, nearest the Sea, and fittest for trade.

This Colony hath two scattered townes upon Road Island two upon the Maine Land, and four small Villages/

Here only yet is Limestone found, and here only the Governour and Magistrates serue the Publick at their owne Charges. In this Colony is the greatest number of Indians yet they never had any thing allowed towards the civilizing and Converting of the Indians. And in this Colony they haue the greatest Plaines, but no Place of strength fortified, though many places capable of fortification/

In this Province also is the best English Grasse, and most sheepe, the ground very fruitfull, Ewes being ordinarily two Lambes, Corne yeilds 80 for one, and in some places, they haue had Corne 26 yeares together without manuring/

In this Province only they haue not any Places set apart for the Worshipp of God, there being so many subdivided Sects they cannot agree to meet together in one place, but according to their severall Judgements they sometimes associate in one house, sometimes in another/

New Plymouth/

The Colony of New Plymouth returned their humble thanks to his Ma^{ty} for sending Commissioners and made great promises of their Loyalty and obedience

They did submit to haue Appeales made to the Comm^{rs} who here had but one Complaint made to them, which was that the Governour would not lett a man enjoy a farme of 4 Miles Square which he had bought of an Indian. The Complainant soon submitted to the Governour, when he understood the unreasonableness of it/

All formes of Justice are in his Ma^{ties} name They are here constrained to perswade men, sometimes to compell them to be free men, so farre they are from hindring any/

They will not hinder any from enjoying the Sacraments and using any forme of Worship, that is not against Christianity, provided that they alwaies contribute to y^e maintenance of the Publique Minister, and will amend any thing that may be Derogatory to his Ma^{ties} honour

This Colony is seated on a neck of Land, the barrenest part of the Country, They were the first Planters in New-England, though the Matachusets got the first Charter, and since hath much streightened this Province, by stretching their Line too much Westward

They shewed their Charter and gaue a Cobby of it to y^e Commissioners, and told them, they were so poore, they could not renew it, whereupon the Commissioners tooke occasion to offer to get their Charter renewed and delivered to them at the Commiss^{rs} owne charges, if for a further demonstration of their Loyalty, they would let his Ma^{ty} choose one of three whose names themselues should send to the King, to be their Governour, and this to be done every three yeares or every fiue yeares which they thought best. The Commiss^{rs} thought if this had succeeded well in this the first Colony they had visited, it might have been a good Example to the rest.

But after the Generall Assembly had considered of it with many thankes to the Commissioners, and great Protestations of their Loyalty to the King, they chose to be as they are.

They haue about 12 small Tonnes, one Sawmill for Boards, One Bloomery for Iron, neither good River nor good Harbour, nor any place of Strength

They are so poore, that they are not able to maintaine Scholars for their Ministers, but are necessitated to make use of a gifted Brother in some Places/

Report of His Maties Commiss^{rs} concerning the Massachusetts/

The Colony of y^e Massachusetts was the last, and hardlyest perswaded to use his Maties name in their Forms of Justice.

In this Colony, at the first coming over of y^e Co^mmissio^{rs}, were many untruths raised, & sent into other Colonies, As that y^e King had sent to raise 5000^{li} yearly for his maties use &c. whereupon major Hathorne made a Seditious Speech at the head of his Company, And the late Governour another at their Meeting-House in Boston, but neither of them were (so much as) questioned for it, by any of their magistrates.

The Co^mmiss^{rs} visited all other Colonies before this, hoping both, that y^e Submission & condescension of y^e other Colonies to his Maties desires would have abated the refractoriness of this Colony, which they much feared, And that y^e Assistance of Colonell Nicholls (whom they expected) would have prevailed much; But neither Examples, nor Reasons could prevaile with them to let y^e Co^mmiss^{rs} hear & determine so much as those particular causes (M^r Deane's, & y^e Indian Sachims) which y^e King had Co^mmanded them to

take care of, & to do Justice in, & though y^e Co^mmiss^{rs} (who never desired that they should appear as Delinquents but as Defendants, either by themselves, or by their Attorneys) assured them, that if they had been unjustly complayned of to his Ma^{tie}, their false accusers should be severly punished, & their just dealing made knowne to his Ma^{tie}, & to all the World; yet they proclaymed by sound of Trumpet, y^t y^e Generall Court was the Supreamest Judicatory in that Province, That y^e Co^mmiss^{rs} pretending to hear appeales was a breach of their Priviledges, granted them by the Kings Royall Father, and confirm'd to them by his Ma^{ties} owne Letter, & that they could not permit it. By which they have for the present silenc't about thirty Petions, which desired Justice against them, & were all lost at Sea.

To elude his Ma^{ties} desire of their admitting men civill, & of competent Estates to be Free-men, they have made an Act, whereby, he that is 24 years old, a Hous-keeper, & brings one Certificate of his civill life, another of his being orthodox in matters of Faith, & a third of his paying teñ shillings, (besides head-money) at a single rate, may then have liberty to make his desire known to y^e Court, & it shall be put to y^e Vote.

The Co^mmiss^{rs} examin'd many Townshippis, & found that scarce three in a hundred pay 10^s at a single rate; Yet if this rate was generall it would be just; but he y^t is a Church-Member, though he be a Servant, and pay not 2^d may be a Freeman.

They will not admit any who is not a Member of their Church, to y^e Co^munion; nor their Children to Baptisme, yet they will marry their Children to those whom they will not admitt to baptisme, if they be rich; They did imprison & barbarously use M^r Jourdain for Baptizing Children, as himself complain'd in his Petition to y^e Co^mmiss^{rs}, Those whom they will not admit to y^e Co^munion, they compell to come to their sermons, by forcing from them five shillings

for every neglect, Yet these men thought their own paying of one shilling for not coming to prayers in England was an insupportable Tyranny.

They have put many Quakers to death, of other Provinces (for which also they are Petion'd against) First, they banish'd them as Quakers upon pain of Death, & then executed them for returning; They have beaten some to Jelly, & been (other wayes) exceedingly crull to others; & they say, the King allowes it in his Letters to them. Indeed they have misconstrued all the Kings Letters to their own sence. They yet pray constantly for their Persecuted Brethren in England.

They have many things in their Lawes derogatory to his Ma^{ties} honour; of which y^e Co^mrs made a Breviat, and desired that they might be altered, but they have yet done nothing in it. Amongst others, who ever keeps Christmas day is to pay five pounds.

They caused at length a Mapp of their Territories to be made, but it was made in a Chamber by direction and Guess; In it they claime Fort Albany, and beyond it all the Lands to the South sea. By their South Line they intrench upon the Colonies of New Plymouth, Rode Island, & Conecticot; And on the East they have usurped Capt: Mason's & S^r Ferdinando Gorges Patents, & said, that y^e Co^miss^{rs} had nothing to doe betwixt them & M^r Gorge, because his Ma^{tie} ca^manded them, either to deliver possession to M^r Gorge, or to give his Ma^{tie} reasons why they did not.

The Co^miss^{rs} being at Piscataquay when they received his Ma^{ties} Letter, which Co^manded them to see the Harbours Fortified &c, sent their Warrants to fower Towns, upon that River, requiring them to meet at such a time & place, to hear his Ma^{ties} Letter read; one of these Warrants, was sent Post to Boston; from whence, two Marshalls are sent by the Governor and Councell, with another Warrant to forbid the Townes either to meet, or to do any thing Co^m-

anded them by the Com^{rs} at their utmost perills; and with-
all sent an unbeseeming Letter to y^e Commiss^{rs} both w^{ch} Letter
& Warrant were lost at Sea.

Colonell Whalley & Goff were entertained by the Magis-
trates with great solemnity, & feasted in every place, after
they were told that they were Traytors, and ought to be
apprehended. They made their abode at Cambridge untill
they were furnish't with Horses & a Guide, & sent away to
Newhaven for their more security. Captain Daniel Gooking
is reported to have brought over, & to manage their Estates;
& the Com^{rs} being informed that he had many Cattle at
his Farme in y^e Kings Province, which were suspected to be
Whalleys, or Goffs, caused them to be seized for his Ma^{ties}
use, till further Order; But Cap^t Gooking standing upon
the priviledge of their Charter, & refusing to answer before
y^e Com^{rs} as so, there was no more done in it. Captain
Pierce, who transported Whalley & Goff into New-England
may probably say something to their Estate.

They of this Colony say, that King Charles y^e first gave
them power to make Lawes, & to execute them, & granted
them a Charter as a Warrant againt himself, & his Success-
ors; and that, so long as they pay the fift part of all Gold
and Silver Oar which they shall get, they are free to use
their priviledges granted them, & that they are not obliged
to the King, but by civility. They hope, by Writing to
tire the King, the Lo: Chancellor, & y^e Secretaries too;
Seven yeares they can easily spin out by writing; & before
that time a change may come. Nay, some have dared to
say, who knowes what y^e event of this Dutch Warr may be.

This Colony furnished Cromwell with many Instruments
out of their Corporation, & their Colledge, And those y^t
have retreated thither since his Ma^{ties} happy returne, are
much respected, & many advanced to be Magistrates. They
did Solicit Cromwell by one M^r Wensloë to be declared a
Free State, and many times in their Lawes stile themselves

this State, this Cõmon-wealth, & now beleive themselves to be so.

They demand what Taxes they pleased, but their Ac-compts could never yet be seen. Some few Soldiers they keep at their Castle. The Governor hath a hund: pound yearly, every magistrate 30^{li} &c./

They convert Indians by hiring them to come & heare Sermons; by teaching them not to obey their Heathen Sachims, & by appointing Rulers amongst them over tens, twenties, fifties &c. The lives, Manners, & habits of those, whom they say are converted, cannot be distinguished from those who are not, except it be by being hyred to heare Sermons, which the more generous natives scorne.

This Colony, which hath engrossed the whole Trade of New-England, & is therefore the richest; hath many Towns, but not one regularly built within its Just Limits, w^{ch} y^e Cõmiss^{rs} find to be Seconnet Brook on y^e South West & Merimack River on the North-East, & two right Lines drawne from each of those two places, till they come within twenty miles of Hudsons River; for, that River is already planted, & given to his Royall Highness. Boston is y^e cheif Towne in it, seated upon a Peninsule, in the bottom of a Bay, which is a good Harbour, and full of Fish; it was fortified this yeare 1665 with two Blockhouses; They had before a Castle upon an Island in the roade, where shippes must pass, about five or six miles from the Towne; Their houses are generally Woodden, their Streets crooked, with little decency, & no uniformity, & there neither dayes, months, seasons of the yeare, Churches, nor Inns are known by their English Names. At Cambridg they have a Wooden Colledg; & in y^e Yard a Brick Pile of two Bayes for the Indians, where y^e Cõmiss^{rs} saw but one; They said, they had three or fower more at Schole; it may be feared y^t this Colledge may afford as many Schismaticks to y^e Church, & y^e Corporation as many Rebels to the King, as formerly they

have done, if not timely prevented. In this Colony too the King hath very many loyall Subjects, who Petition'd their Generall Court, at his Ma^{ties} first coming in, for the owning of his Ma^{tie} & now lately for complying with his Ma^{ties} Co^mmiss^s, but have had neither answer, nor good look since. They are sorry, that so few (for there are scarce above eight of the most F^actions) should carry on so strong a Faction, yet they are so over-awed that they can do nothing to remedy it. They only say, that it is now with them, as it was with the Kings Party in Cromwells time. One of these was derided for being so civill as to accompany one of the Co^mmiss^{rs} from y^e Town where he lived to Boston, & others in Boston derided those of Rode-Island for having yielded so much to y^e Co^mmiss^{rs}/ In Boston lyes teñ Iron Guns brought from y^e French Fort taken in Cromwells time, which would do well at Piscatoquay to defend the mouth of that River where the masts are laden; if they be the Kings.

On Septemb^r 10 : 1664 they published by order of Court, a paper to deterr & affrighten all from making any Complaints to the Co^mmissioners./

The Co^mmodities of y^e Countrey are Fish, w^{ch} is sent into France, Spaine & ye Straights; Pipe-staves, Masts, Firr-Boards; some Pitch & Tarr; Pork, Beif, Horses, & Corne, which they send to Virginia, Barbadoes &c, & take Tobacco & Sugar for payment, which they (after) send for England. There is good store of Iron made in this Province. Their way of Goverment is Co^mmon-wealth-like; their way of worship is rude, and called Congregationall; they are zealous in it, for they persecute all other Formes./

New Hampshire

New Hampshire is the name of a Province granted to Cap^t Robert Mason about the yeare 1635 and was to begin on the Sea Coast 3 Miles easterly of Merimack River and reaches to Piscatoquay, and 60 miles of that Breath up into the Country, but now it is usurped by the Mattachusets who pretend that it is within their Bounds, and that the People Petitioned to be within their Protection, it is true that difference of Opinion made a Division amongst them, and a few who were for Congregationall Churches did Petition for their Assistance by which occasion partly by force, partly by Composition they haue engrossed the whole and named it Norfolke/

When the Mattachusets Charter was first granted the Mouths only of the two Rivers Charles and Merimack were knowne to them, for they durst not travaile farre up into the Country, presently after there was an house erected 3 large Miles north from Merimack which was for 17 yeares called and knowne to be the bounds of the Matusetts, and in that time was this Pattent graunted to Cap^t Mason/

M^r Whelewright was banished out of the Jurisdictiö of the Mattachusets and was permitted to inhabite immediatly beyond that bound house, as himselfe gaue Testimony before the Commissioners.

M^r Mason had a Pattent for some Land about Cape Anne before the Mattachusets had their first Pattent, whereupon Cap^t Mason and M^r Cradock, who was the first Governour of the Mattachusets, and lived in London agreed that the Matusetts should haue that Land which was graunted to Cap^t Mason about Cape Anne, and Cap^t Mason should haue that Land which was beyond Merimack River and graunted to the Matusetts/ This agreement was sent to M^r Henry Jocelin to get recorded at Boston, but before he could haue leisure to goe thither he heard that Cap^t Mason was dead, and therefore went not, of this he made Affidavit before the

Commiss^{rs} who forbore to doe any thing about the Limitts of this Province till this might more fully be proved, though the Generality of the People Petitioned to be taken from under the Matachusets Tyranny, as themselues styled it/

The Matachusetts since they had, the Governement of this Province, haue graunted and divided the Land into severall Tounshippes, which are very large and thinn, three of which are seated upon Piscatoway River, which is a very good Harbour, and very capable of Fortification, here are excellent Masts gotten, and here dry Docks might be made, and upon this River are about 20 Saw Mills, and here great Store of Pipe Staues are made, and great store of good timber Spoyled./

Maine/

The Province of Mayn begins at the Easterne side of Piscatoway and reacheth to Kenebec River it was so named and granted to S^r Ferdinando Gorges by King Charles the first, but was usurped also by the Mattachusets under Pretence that it was within the Limitts of their Charter, and that the People Petitioned to be under their Governement and they named it Yorkshire, One Gentleman who refused to submitt to the Mattachusets, and suffered great Losses by them, shewed the Commissioners a Warr^t which the Mattachusets made to haue him brought to Bostom alieue or dead, and now demands justice against them. This Province upon Petition of the Inhabitants and the differences betwixt M^r Gorges Commissioners and the Mattachusets, his Ma^{ties} Commissioners tooke into his Ma^{ties} Protection and Governement, and appointed Justices of the Peace to governe them, untill his Ma^{ties} pleasure be further knowne/

The Inhabitants afterwards Petitioned his Majesty that

they might alwaies continue under his Ma^{ties} immediate Governement, and that Sr Robert Carre might continue there their Governour under his Ma^{tie} which Petition was lost at Sea/

In this Province also an Indian Sachim who liues neare to the great Lake from whence flowes Merimack River Petitioned his Ma^{tie} to take him under his Protection which is also lost/

In this Province there are but few Tounes, and those much scattered as generally they are all throughout New England, They are rather farmes than Townes but in this Province there is a Bay called Casco Bay in which are very many Islands, 2 Out lets to the Sea, many good Harbours, and great store of fish and Oysters, Crabs and Lobsters, In this Province as in all the rest there are great store of wild Ducks Geese and Deere in their Seasons, Strawberries Resburies Goosberries, Barberies, and severall sorts of Bilberries, Severall sorts of Oakes and Pines, Chestnut Trees, and Walnut Trees, sometimes for 4 or 5 Miles together, the more Northerly the Country is, the better the Timber is accounted/

Kenebeck/

On the North East side of Kenebeck River, which is the bounds of the Province of Mayne, upon Shipscot River, and upon Pemaquid 8 or 10 miles Asunder are 3 small Plantations belonging to his Royall highnesse the biggest of which hath not aboue 30 houses in it, and those very meane ones too. and spread over 8 Miles of ground at least. The People for the most part are fishermen, and never had any Governement amongst them, and most of them are such as haue fled thither from other places to avoyd Justice, Some here are of Opinion, that as many Men may share in a Woman, as they doe in a Boate, and some haue done so,

The Commiss^{rs} for necessity sake haue appointed the best whome they could find in each place to be a Justice of the Peace, and haue ordered three of those Justices of the Peace in the Province of Mayne, who liue next to them to joyne with them in holding of Sessions till further order be taken/

In these parts are the best white Oakes for shipp timber all the Lands graunted to his Royall High^s in these Northerne parts of New England except these 3 Plantations are also graunted to S^r Thomas Temple in the Pattent of Nova Scotia/

My Lord

In obedience to your Lord^{ps} commands here are the Transactions of the Commiss^{rs} in New England breifly sett downe, each Colony by it selfe, The Papers by which all this and much more might haue been demonstrated were lost in obeying his Ma^{ties} Command by keeping Company with Cap^t Peirce who was laden with masts, for otherwise in Probability we might haue been in England ten dayes before we mett the Dutch Caper, who after two houres fight took stript and landed us in Spaine/

Your Lord^{ps} most humble Servant

My Lord

Hearing also some frenchmen discourse in New England of a Passage from the West Sea to the South Sea, and of a great trade of Beaver in that Passage, and afterwards meeting there with sufficient prooffe of the truth of what they had said concerning the Beaver trade, conceiving great probability for the truth of the Passage, and knowing what great endeavours haue been made for the finding out of a North West Passage, I thought them the best present I could possibly make to his sacred Ma^{tie}, whereupon I perswaded them to come to England I humbly begg your Lord^{ps} favour to

procure from his Ma^{ty} some Consideration for the Losse suffering and service of your

In testimony wherof this Co't hath Caused the seale of the Collony to be affixed & sygned by the Governo^r the 20 day of may 1668

By the Co't

Edward Rawson Secret

Vpon the receyt of this Co'mission, wee p'sently apoynted Petter Wyer Clerke of the writs; & heareing that y^e marshall Masterson apoynted by the Co't was imprissoned, wee apoynted another marshall by warrant vnder o^r hands but the former marshall being set at liberty agayne the other did not act.

The Co't being by Law to be Kept in Yorke the first tuesday in jvly 1668 being the 7th day of the month, wee repayred to Yorke vpon Mvnday the 6th day; M^r Jocelin & several others styled jvstices of the peace Comeing nye to the ordinary where wee weare before the doare after salutes passed they tould vs they desyred to speake with vs in the morneing. to theyr desyer wee Complied & gave them ameeting; where wee acquainted them wee weare ready to heare what they had to say but not as sent to treat w^h them, about what wee had to doe, by virtve of the Genrall Co'ts Comission. they acquainted vs that they had lately receyved a packett frō Coff Nicolls & therin the Kyngs Mandamus together a Cobby of Coff Nicolls his letter to the Governo^r & magistrates of the Massachusetts Collony; which they desyred us to reade, & fyrst theyr Co'mission, the which wee reade & haveing read them; wee tovld them that those Concerned the Genrall Co't & had beene vnder theyr consideration all but the letter fro Coff Nicolls, & that they had sent theyr decleration in to the County so that wee had

nothing to say onely that wee did not vnderstand that the Comissioners had power to make any svch temporary settlem^t his majesty haueing before him the Case, for that the massachvsets had in obedience sent theyr reasons why they did not deliver vp the Govern^t of that Covnty to m^r Gorge w^{ch} was according to his Majestyes Co^mmand; then m^r Jocelin tovl^d vs that there was not above five or six of a towne for us, to which we replyed wee shovld see that by the returnes made to the Co^rt^s warrants & appearances, & fvrther tovl^d them wee must attend o^r Co^mmission in prosecution wherof wee shovld attend his majestyes & the Covntryes service, not o^r owne; & if wee meet wth opposition wee shovld advise what to doe. many other things passed vs, but with mvtvall respect; they sayd they must attend theyr Co^mmission; wee parted & repayred to the meeting house, & there opened the Co^rt by reading o^r Co^mmission publickly, & declareing to the people wherfore wee Came, whereto there was great silence & attention :

Then by the Marshall was called for the townes retvrnes to be brought in for the Election of associates, & returnes were mad frō five townes, the other twoe being hindred as they sayd by the Jvstices, yet of one of them above halfe the electo^rs sent in theyr votes. Whilst the Co^rt was busy in opening sorting & telling the votes, the jvstices Came vp & w^hout doares by some instrvm^t made proclamation that all should attend to heare his majestyes co^mmands, Vpon which order was given to the marshall & accordingly he made proclamation that if any had any co^mmand frō his majesty they Comeing & sheweing it to the Co^rt the Co^rt was open & ready to heare the same, therevpō those gentl^men came in & manifested theyr desyer that what they had shew to vs in private might be read in Co^rt to the people; to whome we replyed that the Co^rt was in the midst of theyr bvsynes in opening the retvrnes of the Covntry from the several townes of election & that so soone as that was over

& after dinner they should have their desyer granted, so they left us, & we proceeded to see whoe weare chosen associates, had the returnes of jury men, & their Names entred both Grand jury & of tryals, also of the Constables but did not sweare any one, bvt ajourned the Co't & went to dinner, in w^{ch} tyme wee heard that the Gentlmen were going to the meeting house to sit as an assembly they having before issued ovt their warrants for the townes to send their deputies.

whereupon we sent to speake wth after dinner, they returned they would pvided wee would not proceed any further vntill wee spake wth them wee sent them word we did ingage it, they sent vs word that they would meet us at the meeting house, & presently after their marshal & Nathaniell Phillips went vp & downe & at all publique places published a paper or writing, whome meeting vpon their returne, it was demanded of them what & by what authority they had pvlshed to the peopl to make a disturbance, they answered that they pvlshed what they had in the Kings Name, they weare demanded to shew their order or avthority, they answered that was for their secrity, soe refusing to shew it they weare Comitted to the marshal; then we went to Co't, where wee found the house full, & the Gentlmen to have taken vp o' seates, soe roome being made wee went vp to them, & told them we expected that they would not have pvt any such affront vpon the Co't nor should svch motions hinder us prosecuting o' Commission for we Could Keep the Co't els where, some of the people began to speake, bvt weare Comanded silence & the officer was Comanded by us to Cleare the Co't, wherevpon the peopl departed, & m^r Jocelin spake to some of them nigh him to depart; so they Comeing frō the seat wee came to private disco'se, & they insisted to have their Comissiō & the Kyngs mandamus of 1666 to be read; wee told them that wee would performe what wee had promised when

the Co^rt was sett, soe wee repayred to o^r seat & they being sett by us desyred that theyr Commission might be read w^{ch} was done & the grownd of it exprest to be frō the peoples petitioning, then y^t pt of the mandamus of 1666 w^{ch} they desyred might be read was read, after which they desyred that Collonel Nicolls his letter to the Governo^r & magistrats of the massachusets might be read; bvt that not being of Concernm^t to them there save onely for information of the justices of what had passed frō him to the Governo^r & magistrates to whome it was directed it was refvsed, some short accovnt being pvbliquely given of that which had been read for the matter haveing beene before & vnder the Consideration of the Genrall Co^rt they had the decleration of theyr intendments in prosevction wherof wee weare comiscionated to keep Co^rt & settle the Covntry w^{ch} worke wee had begvn & God willing shovld prossevte to performe the trust co^mmitted to vs.

And haveing declared to the peopl that wee weare not vnsensib^l, how that at the tyme of the interrvtion of the govern^t in the yeare 1665 by svch of the gentlmen of y^e Kyngs Co^mmissioners that weare then vpon the place they had manifested theyr displeasver by telling the peopl that the massachvsetts weare Trato^rs Rebels disobedient to his Majesty the reward wherof with in the yeare they sayd shovld be retribvted; yet wee tovld them that through the Good hand of God & the Kyngs favo^r, the Massachvsetts weare an avthority to assert theyr right of Govern^t there; by vertve of the Royal charter derived to them frō his Majestyes Royal p^rdecesso^r & that wee did not dovbt bvt that the massachvsetts Collonyes actings for the forwarding his majestyes service wovld ovt speake others words where there was nothing bvt words for themselves or against vs; w^{ch} done the gentlemē left vs & wee proceeded to the worke of the Co^rt to impannel the Grand jury give them theyr

oathes & Charge; then the associats p^rsent wee cald to take theyr oathes. One of them viz. M^r Roger Plasted, expressed publiquely that he was sent by the towne he lived in & accordingly he had aplyed him selfe to the major Generall more privately to Know how we reasvmed the Govern^t & how they weare to svbmitt, w^{ch} he now mencioned in publick that he might render himself ffaithfvl to them that sent him; to w^{ch} he was answered in publick as hee had beene in private that wee reasumed the Govern^t by vertve of the Charter & that they weare to have like priviledges wth our selves in the other Covntyes wee had also frō Scarborow a paper p^rsented w^{ch} herewth we p^rsent to the Co^rt; then haveing sworne the Constables p^rsent; impannelled the jury for tryals sworne \tilde{y} . & Comitting what actions weare entred & prossecvted to \tilde{y} . in which tyme the gentlemen sent to desyer that at o^r leasver tyme they might speake wth vs; they weare sent for, & p^rsented us wth a paper after we had receyved it, wee attended to settle the busynes of the millitary officers & Trained bands & Comissionated for yorke Job Alcock Leiftenant: Arthur Bragdin Ensigne: for wells John Littlefeild Leiftenant ffancis Littlefeild jvnio^r Ensigne: Scarborow Andrew Avger Left. ffalmovth. Georg Ingerfeild Left. Kittery, Charles ffrost Capt. Roger Plasted Leift. John Gattirsley Ensigne. Saco Bryā Pendleton major & he to settle black poynt. m^r Knight of wells vpon the morning before wee Came away being thvrsday 9. jvly Came & tooke his Oath, in Co^rt to serve an associate. the Co^rt made an order for the County Co^rt to be held y^e 15th September ther at yorke & for that end Continved the Comission to Capt Walderne & Capt Pyke & others for the better strengthening the avthority vpon the place; as by theyr Comission may apeare. The associats that are now in place are major Pendleton, m^r ffancis Neale; m^r Knight of wells m^r Raynes of yorke m^r Rodger Plasted of Kittery;

*Petition**To the Kings most Excellent Matie^e*

The Humble Petition of yo^r Matie's free-
borne Subjects Inhabitants of yo^r Prov-
ince of Maine in New England./

Humbly Sheweth

That yo^r Matie's Royall ffather of ever blessed Mem-
ory by his Letters pattents bearing Date at Westminster in
the fifteenth yeare of his reigne did grant vnto S^r fferdinando
Gorges his Heires and Assignes that Tract of land now
called the Province of Maine makeing the same equall with
the Palitanate of Durham to Injoy the like Priviledges To
lay out and grant Townshippes or dispose of lands not
disposed of before and that noe Lawes as should be exer-
cised in that province but such as were made and con-
sented vnto by yo^r Matie's Freeholders Inhabiting the
said province.

That yo^r petitioners vpon those Invitacōns and Incentive-
ments did settle in the said province in great numbers and
in short time increased into severall townshippes haueing
amongst vs severall Courts of Judicature and Records and
were for diverse yeares governed according to their Lawes
(agreeable to the Lawes of England) made by the Com-
missioners of the said S^r fferdinando Gorges and the free-
holders.

That the Bostoners vnder pretence of an imaginary boun-
dary Line did invade our rights and priveledges and erecting
their owne Authority by causing the Inhabitants to sweare
fidelity to their Government.

That about the yeares 1661 vpon our humble representa-
cōn of those matters yo^r Matie was graciously pleased by
yo^r Royall Letters of 1664 to that government to require

them not farther to disturbe or Intermeddle in the province which they then refused to obey.

Wherevpon yo^r petitioners representing their greivances to yo^r Maties Co^mmissioners in 1665 they solemnely restored and reestablished yo^r Maties authority amongst vs by which wee Administred the Oath of Allegiance and proceeded to governe according to our former lawes and soe continued till about the yeare 1668 when Major Leveret Walden and others entered vpon the provence and with force of armes disturbed the Inhabitants then at a Court holden for yo^r Matie at Yorke in yo^r Maties province of Maine Comanding all proceedings for the future to be Manadged by their owne authority and Lawes since which time notwithstanding the great loss susteyned by the late Indian wars wee are still oppressed with heavy rates and Taxes Imposing the Summe of 3000^l and vpwards to be collected and paid by the Inhabitants of three Townes (viz^t) Yorke Wells and Kittry.

Yo^r Petitioners humbly pray yo^r Matie to take the p^rmisses into yo^r Royall consid-
eracofi And by yo^r gracious Letters to
reestablish and confirme vs vnder yo^r
Royall authority granting liberty to Ten-
der Consciencs and to impower such
whose names are here underwritten to
govern according to the lawes and con-
stitucons of this yo^r Maties province
untill yo^r Maties pleasure be further
knowne therein to which wee shall in all
readiness and Duty submitt.

And yo^r petitioners shall for ever pray. &c

Petition of John Littlebury

To the Hono^{rb}l the Gouⁿor Assistants &
Deputies now in Gene^{rl} Court at Bos-

Humbly Sheweth that yo^r petitione^r in y^e yeare of o^r Lord 1631 was drawne in by the perswasion of Capt Mason & others the Adventure^s for Certain Tracts of Land Lying on the North East & South-west of puscattoq^r River in New England to pay vnto their Treasure^s Three hundred pound upon their promise, That if yo^r petitione^r should refuse to proceed therein with them Then the said propriato^s would enable yo^r petitione^r to receive the said iij C pound out of the first profits should be made or Received out of the said Lands: Now in performance of their forme^r Engagem^t Griffith Gardner & Eyres about Five years since (being all the propriato^s then living did Conway & Assure by Deed all their 4th part granted vnto them by his Ma^{tie} as the said p^{at}tent doth more fully Declare wth the said Divident of Lands lying on y^e North East Side of Kittery parrish made by Sr Ferdinand Gorges/ Capt mason with the other propriato^s in y^e yeare of o^r Lord 1633: Now for as much as yo^r petitione^r hath been deluded these Three yeares to his great hinderance & dammage by Capt Champernon, Majo^r Shapley, D^r Barefoot, Corbet & other grand Insendiaries to this p^rsent Gouⁿment In that they will not permit or Suffer yo^r petitione^r according to the former Divident made as aforesaid. in Auno 1633 to measure & lay forth m^r Gorges Three miles from the Sea up the River of Puscattoqr. they well knowing that m^r Gardner^r is to begin where m^r Gorges Lands End: And the Rest of the propriato^s are to goe up the river xij miles Now Majo^r Shapley being Sensable that if Capt Champernon should Suffer yo^r petitione^r to measure & lay forth the propriato^s xij miles of land, to begin where m^r Gorges iij Miles end then he should be questioned for

Seuall Sumes of money w^{ch} he hath illegally taken of other men for lands w^{ch} he hath sould. And lately vnder Culle^r of powe^r received from Colonel Nichols hath disposed of Great tracts of Land And made Leases of Lands for A thousand yeares to m^r Hilton of Exeter, Docto^r Barfoot & diſs others vnder p^rtence & name of Hamsheire pattent. wthin the Compass of the Lands so Leased great part of the propriato^{rs} & yo^r petitione^{rs} Lands are included :

Now yo^r petitione^r in Respect to his Great Age Humbly Craveth the Aid & Assistance of this Hono^{rb}le Court eyther to make an order for the Measuring & laying forth yo^r petitione^{rs} & other the propriato^{rs} Lands or that this Court will be pleased to order Capt Thomas Clarke, Capt Walding & Capt Pike to treat with yo^r petitione^r about Setling & Assuring of his Ma^ties Grant or pattent vnto this Hono^{rb}l Colony of the Massathusets upon Such reasonable termes as the said Capt Clarke Capt Walden & Capt Pike shall make report of to this Hono^{rb}l Court. that so yo^r petitione^r may p^rpare him selfe to goe with the next Shiping for England & there make good what they shall find defective Concerning the p^rmisses :

Complaint of Richard Lockwood May 20. 1672.

Richar Lockwood wth humility complaineth vnto this honorable Court of Assistants against Captⁿ Walter Barefoot (soe called) That he conducted A suite against the Complainant in the County of Yorke by Henry Greenland his then Attorney in the time of their Revolting from the wholsome safe Government of this Colony for A Debt of ninety five pounds Although the Complainant did never owe any such debt nor ever dealt with the said Barefoot for any such sume but once recived such a sume for A quarter part of a vessell he sold vnto y^e sd Barefoot, But (may it please your honors) soe it happened that by his subtilty & fraud he did obtaine A judgment against me the complainant for the sd sume & thervpon by virtue of an Execution did imprison his body for three months space — by which force (least his family might be ruined therby & his vessell rott for want of employment) was constrained to give Bills of

his hand to pay one hundred pounds vnto the sd Barefoot for A discharge from the sd Execution. ffivety pounds of which is payed. And the other fivety pound bill yet standing out y^r hon^{rs} Complainant feareth to be arested & imprisoned vpon the same. Vpon the serious consideration of the premesies by your honors your complainant humbly requesteth (if possible) that your Authority may please to restraine the sd Barefoot from sveing vpon the sd fivety pounds bill vntill I have had a new tryall vpon the abovesd suite in A convenient time to be set by your honors which is the humble request of him that wisheth all happiness & prosperety vnto your honors & subscribeth himself your honors most humble

From Dr. Pell's Letters and Papers.
Mus. Brit. Plut. CVII. D. 4279.

Right Honorable,

I was at Boston in the Massachusett Colony when M^r John Pell arrived there. By whom I had the great favour of your Lordships letter. He came into that Harbour very opportunely for the expedition of his business; For one M^r John Bankes a neighbor of M^r Thomas Pell deceased, and one of those whom he had intrusted with the estate was in a Vessel of Fairfield (the place where M^r Pell had lived) returning thither; and met the ship coming in, & came back with M^r John Pell to Boston; where I spake with them both; & upon the reading of your Lordships letter, informed M^r Bankes, that I had full assurance from your Lordship, and divers others, that the person there present, was M^r John Pell & he to whom Mr Tho: Pell, deceased, had given his estate. And that very day Mr John Pell imbarqued with M^r Bankes and sailed towards Fairfield, carrying also with him my letters to the magistrate and others there, certifying the same to them concerning him, with desires of all good loving respects to him and their helpfulnesse as his occasions should require, and that order might be taken forthwith for his quiet possession of that Estate. I haue heard since of his safe arrival and welcome there; and that he hath accordingly the possession of the lands and houses and goods to which he had right, both at Fairfield and Westchester, which is a place neere New York, where his Uncle had also a considerable plantation, with good accommodations belonging to it.

My Lord, the relation, which I am now presenting to your Lordship, is of a very strange and prodigious wonder, this last summer, in this part of the world; That the like hath been knowen for the whole manner of it I doe not remember that I have read or heard.

There was an hill neer Kenebunke River, in the province of Meane (the Eastern part of New England,) which is re-

moved out of its place and the bottom turned upward. The time is not certaine when it was done ; But that it is so, is very certaine, And it is concluded by those who lue neerest to it, that it was removed eyther the later end of June, or the beginning of July last. The relation, which I haue from credible persons concerning the manner of it, is this, viz: that the Hill being about eyght rodde from Kenebunke River side, on the west side of the River, about foure miles from the Sea, was removed over the drye land, about eyght rods or perches, and over the tops of the trees also, which grew between the hill and that River; leaping, as it were over them into the River: where it was placed (the upper part being downward) and dammed up the River, till the water did work it selfe a passage thorow it. The length of the hill was about two hundred and fifty foote: the breadth of it about fourscore foot; the depth of it about twenty foot. The situation of the hill, as to the length of it, was Norwest & Southeast. The Earth of it is a blue Clay without stones Many round bullets were within it, which seeme to be of the same Clay hardened. I have not yet seene that place my selfe, but sent purposely to inquire into the truth of what had beene reported concerning it. And had this relation from Major William Philips, who dwelleth not farr from the place; and Mr. Herlakenden Symons who went to the place, and tooke very good notice, and brought me the same report of the truth and manner of it, which I had before received by a letter from Major Philips, in answer to my letter of inquiry; and told me that the earth of the hill did not lie between the former place of the hill & the river; but was caried together over the tops of the trees into the river; which seemes to be as if it were blowne up by such a force, as caried the whole body of it so farr together. I had fro them some few of those round bullets. I think there were but two or three and some pieces of the earth in other formes, which were found upon that now upper part, which was before, the lower, or the inward bowells of that hill.

As also a small shell or two of a kinde of shell-fish ; like some shel fish commonly found where the sea floweth ; but how they should be within that hill, is strange to consider. I have sent all that I had thence with other things to the Royall Society for their repository. I understand also from some of those parts, that there was no notice taken of any Earth-quake about that time, nor did I heare of any in other parts of the Country. I give your Lordship the Relation only of this Prodigie, as I had it upon the best inquiry I could make ; leaving the Discussion of the natural causes which might concurre ; A matter too hard for Man to comprehend. But the power of His Almighty arm is herein manifest to all, who weigheth the hills in a Ballance and at whose presence the heavens drop, the hills are melted like wax, Sinai itself is moved. I hope to haue opportunity to see the place, and if any other matter considerable open my observation or further inquiry shall appeare, I shall be obliged to give your Lordship further account thereof ; and for present, am bold humbly to subscribe my selfe

Right Hon^{ble}

your Lordships most obliged

Answer of the Reverend Elders.

The Answer of y^e Elders to y^e Question p^oposed to y^m by y^e hon^d General Court August 9 (76) Quest: Whether y^e most expedient manner of making answer to y^e complaints of M^r Gorges & M^r Mason, about y^e Extent of o^r Patent-line, be by sending Agents, or Atturneyes, to Answer ye Same, or to Answer by writing only? Answ^r It seemes unto us y^e most expedient way of making answer unto y^e Complaints of M^r Gorges, & M^r Mason, about y^e extent of o^r Patent Line, to do it by appointing Agents, to appear, & make Answer for us, by way of information at this time, & in this Case; provided they be wth utmost care & caution qualified as to their Instructions, by, and according unto which They may negotiate that affair, with safety unto y^e Countrey & with all duty, & Loyalty unto his Majesty, in y^e p^rservation of o^r Patent-Libertyes; Our Reasons are

1. The justice of his Majestyes Co^mmand, requiring us to give o^r Answer in this way, And to send an Answer in

writing only, we know not but some may interpret it to be a non-observance and contempt of his Majestyes Command. The rightfull cõmands of political Fathers ought to be obeyed for conscience sake, Rom. 13. 5.

Titus 3. 1.

2. The Justice of o^r Cause; which we ought by all Lawfull means, & wayes to maintain. Judges 11. 14. &c:

3. It is doubtfull unto us, whether an Answer in writing only, will, or may be accepted as any answer at all, as the case now stands, or whether it will be credited, while we shrink from it, by o^r not imploying Agents, limited as aforesaid.

4. Lest o^r non-appearance should gratify & give advantage unto our Adversaryes to proceed unto y^e obtaining of a determination against us.

5. The successful service which former Agents, thus imployed, in way of information, have done for us, and Gods blessing upon us in the improvem^t of this medium in times past.

6. We understand that o^r friends in England judg it both expedient, & necessary.

7. Agents can most readily & fully answer all Objections, & complaints of m^r Gorges, & m^r Mason, in this p^rs-ent Case. Nor can our pleas and Arguments be so pointed, & pursued against o^r Adversaries, as o^r Case doth require, but by Agents.

Finally. Some may interpret o^r not imploying Agents to answer as aforesaid, that we are afraid to appear in our own defence personally.

This Answer of the Reuerend Elders was presented to the Goũno^r & Generall Court the 10th of August by M^r Tho. Cobbett in the name of all the Elders p^rsent w^{ch} was 24.

What the calamitous, & deeply distressed Estate of this yo^r Ma^{ties} Collony (in Conjunction wth its neighbours & Confederates) labouring vnder the wofull and Tragickall effects of more then a yeares cruell, & vnintermitted warre wth the Arrival of yo^r Ma^{ties} Gracious letter by m^r Edw^d Randolph, Relating to y^e claymes of m^r Gorges and m^r Mason, hath of late ben humbly informed, by the Account given to m^r Secretary S^r Joseph Williamson to bee Presented to yo^r Royall Selfe, w^{ch} we hope hath obtayned a Gracious Reception, and our necessary Apology therefrom for our noe sooner yealdinge a full obedience to yo^r Ma^{ties} Royall Co^mmands, a like Acceptation. Since that time it hath pleased Almighty God to whome vengeance belongeth to plead our Cause against the Insolent Heathen, both by laying a Restraynt vppon them, and thereby for a Season giving us respit from their violent & Depopulating incursions, as alsoe by making the Expeditions of yo^r Loyall Subjects against them in o^r Southern and westerne parts soe farre prosperous, that Multitudes of them, together wth their Sachems, principall Counsellors & Comanders, yea Phillip

himselfe whose head & hand were first in y^e designe are cutt off & destroyed, most of y^e Remynders being forced either to submit to Mercy, or to quit their old & seeke new habitations farr remote in y^e wilderness. This singular Smile of divine Providence, gaue us fayre hopes of such a calmness, & Composedness in o^r Publique affayres, as might well suite wth o^r Intended Convening, and best further our desires & Resolution of attending yo^r Royall Pleasure signified to us: But suddainly & vnexpectedly wee are Allarum'd by y^e Irruption & treacherous villany of a new Enemy (togeather wth some of y^e former) springing vp in those easterne parts, concerninge which, y^e Controvers betweene us & the Complaynants agaynst us doth arise, Soe that at the same tyme when the high (though most vntrue) Imputations & vnworthy Reflexions, cast vppon us by o^r Accusers (whose confidence therein we are made not a little to wonder at) doe call us to Mayntayne o^r Title & Justifie o^r pceedings in the Court of o^r Gracious Soueraigne, we are Necessitated once againe wth y^e vttermost hazard of o^r psons & great Expence of our estates (soe deeply Exhausted before) to defend y^e liues of yo^r Ma^{ties} Subjects in those places (crying aloud for Succour) and to dispute yo^r Ma^{ties} & o^r owne possession in the dismall deserts, wth a bloody and most barberous enemy; Yet are we Royall S^r most willing in observance of yo^r ma^{ties} Co^mands (humbly craving That benigne Construction w^{ch} y^e favour of o^r Patent entitles us vnto, & yo^r Ma^{ties} Princely Candour suffers us not to doubt of) to offer o^r Pleas & produce o^r Evidences in this Matter w^{ch} being waighed in y^e ballance of yo^r Royall Impartiall Judgment will appeare (we presume) such, as will abundantly cleer vp our right to those esterne Parts to be vndoubted, according to y^e playne intent & necessary sense of y^e words of o^r Pattent, And sufficiently make it appeare, y^t o^r administrations of Government here haue ben no wayes derogatory to yo^r Ma^{ties} honor, nor prejudiciall to yo^r Royall Interest in this Wilderness, but many

wayes beneficiall, as alsoe satisfactory to the Inhabitants yo^r Ma^{ties} Subjects vppon y^e place; Sure we are (& herein we doubt not to make o^r Appeale to y^e Searcher of hearts) That noe Intention of wrong to y^e Claymers noe vnlawfull designe of Enlargem^t of o^r borders, noe proffit or advantage thereby accruing (the Contrary whereto we haue hetherto found) but a grounded apprehension of our Interest, reall Compassion to y^e Petitioning Inhabitants in an vnsetled & suffring Condition, togeather wth a sence of duty incumbent to be faithfull to o^r Pattent trust, did cause us to receaue them, vnder y^e wing, of yo^r ma^{ties} Govern^t, in this Colony Established;

The further Managem^t of o^r defence as to these o^r pceedings Complayned of by a more full & pticuler Information & presentm^{tt} of what we haue to say for o^r Selues we haue betruusted wth m^r William Stoughton & m^r Peter Bulkley ffor whom as for o^r Selues with most humble Prostration we beg your Ma^{ties} Countenance & favour And heerein Greate S^r we are not a little Encouradged, not only by y^t new & Ample testimony of yo^r Ma^{ties} Royall Justice, manifested in Reserving an open ear for poor Subjects, at such a distance, & Princely favour in transmitting y^e Coppies of y^e Complaints, Exhibited, and affording time & opptunity to appeare for o^r defence, but alsoe by a large & long continued experience, of yo^r Ma^{ties} Gracious disposition & respect to us & o^r Concernem^{ts} that we cannot but most gladly declare, that therevnto, next vnder god we owe it, that none of those manij injurious Suggestions, vnjust Criminations, & renewed solicitations against us, by psons ill affected to o^r Constitution, & Welfare (designed to Create an Impression of displeasure in yo^r Royall brest towards us) haue not hetherto prevayled That this yo^r Ma^{ties} Gracious Aspect should suffer an Eclipse (espetially now in y^e day of c^r trouble, bespeaking y^e influence of yo^r fatherly co^miseration) we haue as little Cause to beleiuie as we are humbly

Confident, we haue ever ben industriously Carefull, not to incurre y^e forfeiture thereof, but solicitous aboute all earthly things to preserue & mayntayne the same, by Approvinge our Selues

Whereas by Experience we doe find it no small Inconvenience & discouragement to haue our men belonging to our owne towne of Yorke Impressed & carryed away by y^e comāanders of y^e forces or County when pursuing y^e Enemy whereby in stead of being Encouraged to stay & strengthened to resist y^e Enemy we are weakened & left naked to y^e assault of y^e Enemy who in y^e absence of y^e forces have usually & very Cunningly Improoved that oportunity to prey vpon y^e townes, for preuenting whereof it is humbly Requested that y^r may be an order giuen forth that no souldiers shall be at any time remooued least y^e people be putt vpon a temptation to forsake y^r habitations y^e dishonourableness of which is easily vnderstood.

put it aboard our boats at sea or in harbore evenings or mornings with all speed

Wee have 2 men A shoare to spilt and drie the fishe A shoare for each boate on man betwixt two boats goes for Captein three men in each boate at sea as forementioned who Ride casting out A Killecke or graples to Ride by perhaps three or four miles or lesse either side the harbours mouth, some places halfe a mile of the shoares fishing on hedges the water Twentie fathom deep on them some lesse some a little more, each man ffishes with two lines, lengthened according to what debth of water, they can catch the fishe from three fathom to Thirtie odd fathom: if they fished by floats they have no Leads and about foure fathom each line, some them use each man three lines two hookes to each line baited and many times A fishe to each hooke, they Cast each man his lines on on Side the boate the other the other side if they cannot Catch fishe on floate which they ordinarie doe not then they have to each Line a Lead about 23 waight using then but two lines each man the boats begin to goe to sea as soone as the Cod is knowne Come and they readie some yeares it comes the first of Maye but comonlie the midst of Maye the best fishing comonlie in June they goe to sea till about 25th of August they bring in some dayes, on thousand fishe and some dayes more, some lesse, some dayes but litle, which the shoare men head take out the Liver of it for trayne and put in ffate for the sun and heat to melt out: afterwards toone it in Caske they spilt the fishe then salt it in piles about 2 foote and halfe high and the same breadth on A topp of the other: in ther stage which is built over the water so farr out from the shoare as A boate may come to it loaden where the boats first heave up ther fishe out of ther boats this stage is covered with Saile cloth boards or rines to keepe from the fish while in salt sunn or wett: after the fishe hath layne in salt two dayes or more as weather serveth its washd clean with water out of the salt and piled up for the water to presse

Gentlemen respected & much endeared/

The Consideration we had in your Integrity & Industry when wee putt this troublesome Employment vpon you is not in the least abated but exceedingly confirmed by all the accounts wee have receiued from yourselves or othe^rs of your vnwearied diligence & prudent mannagement of our affaires co^mmitted to your trust, wherein wee are fully Sattisfied; that notwithstanding the extreame Difficultyes that haue Faced yo^w in our business, yet your patience sedelous Industry & wisdome, hath to our ffull Contentment, and great admiration ouercome them, for which as wee have greate Cause to Bless God; So also (whateuer the Issue may be) to acknowledge your due deserts & our great obligation^s to you^rselues, which wee hope wee shall in some measure discharge vpon all oppertunities; wee cannot wee neede not contribute any further aduise as to your future proceeding; but doe wholly vnder God acquiesce in the as-

sured confidence wee have of yourselves and vpon the arrivall of the next ship; by which wee expect to heare further from you, shall take care to accomodate you with such supplies as the state of our affaires with you may call for: /

Your relations wee doubt not, will give you an account of you^r private affaires which shall not suffer in any thing that wee can help; as to the publick we Judge it not vseeless to acquaint you, that soone after our losse at Blacke point in June last, Majo^r Andros sent a considerable partie to Pem-aquid, where they seated themselues in right of the Duke of Yorke, and pretending freindship and kindness for us, haue don that seruice for us as to conclude a peace with those easterne Indians & haue regayned & sent to us most of our Captives & a promise of returning seuerall vessells the Indians had surprized, the performance whereof wee dayly expect, since the said Mayo^r Andros hath signified his minde to our Council to Impose custom^e vpon all ffishermen that ffish on those Coasts &c.//

wherewith wee are vnsatisfied and are now returning our resentment thereof:

About three weeks since (when wee hoped to be at rest) a party of about thirty of the old ennemy viz^t Hadley & northampton Indians fell vnexpectedly vpon Hattfeild burnt fower houses fower Barnes some stackes of corne killed diuerse person^s & carried twenty prisone^rs men & weomen and, one of the men escaped and saith the Indians were gon vp Connecticut riuer northward, towards the ffrench, from whence they came & sayd they were encouraged & furnished for this attempt by a French Cap^t; Wee haue it vnde^r Consideration to send to these Indians and to the French to endeavo^r the recouery of the poore Captives and the better to vnderstand what wee may expect from those quarte^rs. Wee shall not Further trouble you, but as wee are bound shall comend you & our affayres in you^r hands to ou^r most gracious God, & to his protection & guidance through his

October 8th, 1678.

A returne of the com̃itte appointed by the Genll court, to consider of the matter p^esented Relating to the prouince of Mayne/

The principall question [as wee humbly conceue] touching this affaire (at p^rsent) Is Q-hether it bee best for the country, to Hold & Reteayne their interest in this prouince, or to sel & Alienate the same unto others? In Answer hereunto, the Co^mittee judge it best for the country to close in the Affirmatiue, for which they humbly offer these Reasons, with Answers to some objections to the contrary.

1 Was it not this courts order vnto our Agents to endeour to purchase this pattent which being done accordingly, it seeme vnbecomming the Grauity wisdome & prudence of this court, to bee yea & nay in a matter of such moment & that before experience is made of any inconuence thereby

2 Because our Agents intimate in their lette^{rs} that they Transacted this matter by the concurrent aduise of our freinds vpon the place; who yet continue of the same mind

as is certiyd by o^r Agents last letters dated in August last.

3 Because our [^{opposites}enimies] in England particu^rly m^r mason & m^r Ranolph vigorously opposed our Agents in that Bargaine & preuailed so farr as to frustrate the first attempt, this act of these o^r Il willers is an Argument of the goodness of the thing for vs: /

4 In This pattent is granted both Government & soyle & lands &c of which latter there is a considerable quantity, not in propriety of any english man, sufficient to countervale the purchase, & their is little reason to feare wee shal be deprived y^rof, because in all his maties Grants prp^rity is reserued. And as for the Gouvernement it is not impossible wee may enjoy the same also by the helpe of God, hauing to doe therin with so gracious a prince.

5 It may be considered & our long experience hath giuen vs a sufficient demonstration herof, that the settlement of Good neighbours in this territory (w^{ch} matter lyes wholly in o^r hands) wilbe greatly advantageous & conducing to our future quiet, but the settlement thereof by il neighbours when it is in other mens hands wee cannot p^rvent, may poue a great trouble and affliction to vs, of which wee haue had had experience in former times.

6 This place is plentifully furnished on the coasts with good harbours for fishing & timber of all sorts both for exportation abroad & vse at home; which are conuencies that may bee Beneficiall to the publike good if prudently managed.

7 The interest y^t wee herby haue in the Ilands of Nantucket & marthas Vineyard wth a share in the 4 townes on the west of pasquataway; is to bee considered as a matter of waight. more reasons might bee added but wee forbear, & come to consider som objections.

Objection 1 It is probable our ill willers wil not bee wanting in their endeavors to incense our gracious King against vs & Aleadge y^t by this Acquisition wee aspire after

dominion & enlargement of territory wch is not for his hono^r or interst to Admitt.

Answer If his matie should receue any impressions against vs in this case, and declare his dissatisfaction — it is then time enough to Returne him such Answer as becomes Dutiful and loyall subjects/.

Objection 2 It is a great Some of mony to be paid for it & the country being greatly impoverished by the late warre, & much in debt are not in a good capacity to disburse this summe without great inconuence.

Answer 1 The some of 1250^l starling w^{ch} is the some to bee payd for it is not as wee conceue so considerable but the contry may pay it without any great determent especially considering the aduantages acrewing therby before hinted & it is very probable y^t some purchasers wil soone appeare to by some parcell of this land to reimburse the treasury of y^e country; Truly we conceue God hath put an oppertunty into o^r hand by this purchase of y^t prouince w^{ch} wee should thanfully aacknowled & improue for Gods hono^r and the publike good; & not through feare of contingent euent, decline, this opertunty..

Ans. 2: If vpon Experience wee find it Burthensome or inconvenient for vs there is no cause to doubt (as wee judge) but wee may ease o^rselues without any damage to the country

3 objection In this pattent it is required that the Religion profesed in the Church of England, and Ecclesiastical Government therof shalbe professed settled & established in & through the said prouince; This injunction may proue A Snare to vs.

Answer 1 The Religion of the Church of England, in the Doctrinall part of it conteyned in the 39 Articles, is sound & orthodox & for the substance therof is not only professed by all protestants generally but by our selues also, hence there is no reason for any good Chtian to thinke it a snare.

Ans 2 as for the ecclesiastical Goument of England, which is established by the lawes of that land, Although in our judgment wee differ from it, yet wee must remember wee are prohibited in our charter of the Massachusetts, to make any law repugnant to the lawes of England, of which lawes this is one, therefore may not make any law against it.

Ans 3 If it should happen that any of his Ma^{ties} subjects that doe or shal hereafter liue there, should profes & practise in matters of Religion According to the church of England, is there not as Good reason for vs to Admit them, that act therin not against any law made by vs, As to permit quakers and other perswasions dif- from vs, to practise their religion contrary vnto our lawes & that not in remote parts of the country but in o^r cheefest townes; They that profes Religion according to the Church of England owne Good & sound principles in doctrine & are obedient to ciuil order, But the other persuasions oppose both. Therefore which are like to be the best neighbours & Subjects let Reason Judge.

Objection 4 There was an inconuenience vnto this General Court in the number of Deputyes Sent from that prouince in former times which haue had to great an influence vpon our affayres; & yet the people of y^t prouince haue paid litle or nothing to suport this Goum^t & being few & poor are like to do litle for y^e future for o^r Benefit & therefore wer like to bee burthensom rather then beneficial.

1 Answer The number of Deputyes in y^t County According to reason may & ought to be limited to a lesser number & according to their ability the are obliged to pay taxes as others doe; for now those priuiledges they had before by Articles are extinct.

Thus desiring the lord to guide & direct the hon^{ble} Court in the conclusion that it may bee for Gods honour & publike good we remaine yo^r Humble Seruants.

*A Declaration of the Inhabitants of the Province

Wheras upon a late purchase made by the Agents of the Collony of the Massachusetts in the behalf of S^r Fardinando Gorges Heirs of the Province of Main in pursuance whereof have commissioned severall Gent to Assert their Authority over the Inhabitants of the said Province, to make entrance unto the settlem^t thereof, according to the Regulation of that Charter requiring Subjection thereunto. This Declaration was delivered to M^r Thomas Danford, sent over by the Gov^r & Councill of Boston as their President of the Province of Maine (sitting then in Court at York in the said Province, upon the 18th of March 1679) ^(179/30) by John Hole in behalf of the Gent whose names are hereunto subscribed./

To the Kings Most Excellent Majesty
 The humble Petition of Joshua Down-

 in yo^r Majesty's Province of Main in
 New England./

Humbly Sheweth

That yo^r Petitioner hath lived in the said Town about twenty eight years, & hath been a great Sufferer under the Usurpation of the Governm^t of Boston for his loyalty to yo^r Ma^{tie} & owning the Right of the Heirs of S^r Ferdinando Georgé as lawfull Propriato^{rs} of the said Province./

That about the 12th of March 1679 yo^r Petition^r with all the Inhabitants of said Province were summoned in yo^r Ma^{ties} name to make their Appearance at the Town of York in the said Province, to take the Oath of Allegiance; where finding Thomas Danford one of the Magistrates of Boston (assumeing to himself the Title of President of the said Province) accompanied with three or four Persons for his Conncill; he tendered the Oath of Allegiance to yo^r Petitioner, who (haveing twice taken the said Oath before) desired them to satisfy him by what Authority they there

acted, not that he refused takeing the Oath, but was unwilling to receiue the same from every Pretender: Whereupon the said Thomas Danford told yo^r Petitioner that he was one of those that actually opposed his Ma^{ties} Authority, & particularly in signing a Protestation & joyning with many other of the Loyall party against the present proceedings of the said Thomas Danford; and further said that yo^r Petitioner should know his power, & he would shortly send him further off & immediately by his Warrant (as by the copy thereof hereunto Annexed doth Appear) committed yo^r Petitioner (though very lame & indisposed) to Goale & denied him the benifit of one to attend him to yo^r Petition^{rs} great dammage./

Now forasmuch as the said Thomas Danford assumeth to himself great power in this Country, and there are no Courts or Authority settled in this Plantation of New England whereto the wronged Inhabitants may appeal in expectation of Reliefe; Yo^r Petition^r humbly prays yo^r Ma^{tie} to take the premises into yo^r Royall Consideration, so that he may receive full Satisfaction for his false Imprisonm^t & that neither the said Thomas Danford, nor any other like Pretender (from the Governm^t of Boston) may exercise Power & Authority over this Province without yo^r Ma^{ties} Royall Assent first had and obtained; To which both yo^r Petitioner & all the other Inhabitants shall (with their Lives & Fortunes readily submit unto, & defend./

And yo^r Petitioner shall ever pray

The Returne of the Committee appointed by the Gen^{ll}
Court to Enquire into the state of the Province of Meyne,
And what was further needfull to be done for the Settle-
ment of Fort Loyall and the maintenance thereof.

1. For the Province itself we cannot as yet by any

enquiry satisfy ourselves so as to give Information to the Court what it may produce.

2. For the Fort we apprehend needfull that it should be continued or defended, both for the securing of the People in those parts against the Indians and any bad neighbours, & also from the encouragement that People take from it to replant themselues there.

3. In order to the maintaining or defence of that Fort & place we judge there cannot well be less than 13. men. viz. a Captain, a Serjeant, a gunner and 10 private Souldiers.

4. We are informed that the People of that Province are so sensible of the benefit to themselues that they are willing to maintaine six private Souldiers.

5. The remainder of the charge for the Captaines Salary Serjeant, Gunner, and 4 Souldiers with a magazine will amount to four hundred pounds p^ani in Country pay.

6. We hope something to ease this burthen may be raised out of the Beaver trade and from the Saw mills & some other ways which may in a little time wholly ease this Colony of the p^rsent burthen.

Meemoires generaux

La coste de L'Acadie á destendue en prenant du passage de
Frousac au bout Sud duquel est la baye de Chedabouctou
Jusques a la baye françoise et au bassin du port royal environ
120 lieües

La baye françoise a neuf lieües de largeur du grand Menane a lisle longue et peut avoir 25 lieües de profondeur.

De l'entrée de la baye françoise prenant a la d^e isle du grand Menane, tirant de vers Baston la coste depend de l'Acadie jusques a la riviere de Quinibeguy ou S^t George 34 lieües.

La d^e coste depuis les Isles de Cameaux jusques au Cap de Sable a plusieurs forts considerables de belles rivieres et particulierement Chedaboutou Chiboutou la heve et le port La Tour au Cap de Sable, la mer est extremement fertile en poisson dans toute cette etendue et les etablissements pour la pesche plus faciles et plus convenables qu'en aucuns autres endroits de toute l'Acadie, la terre est bonne a Chedaboutou a la heve et au port la Tour, ou la croit de meme par toute la coste, il n'y a rien a desirer pour l'abondance de bois de construction et pour la masture.

M de Rasily estoit estably et fortifié a la heur comme la plus considerable retraite et luy et successeurs avaient construit des forts en divers endroits qui ont été detruits tant par les Anglais que par la guerre civile.

L'establissement de la heur a este abandonné par le S^r de la Motte Dannay successeur du d^t S^r de Razely et toute cette cote n'a presentement que trois habitations dont la plus forte n'a pas plus de trois familles a la reserve des etablissements de la compagnie et de celle de Poubonioeur autrement la Tour dix lieües du Cap Sable ou il y a cinq familles composées de dixhuit personnes qui dans cette année doit commencer à en faire a Chiboutou et a la heur. Il y a apparence que la biensseance du bassin du Port royal a servi de motif a l'establissement qui a été fait a la Bourgade qui est la partie la plus reunie de toute la colonie avec les habitants qui en dependent au nombre de 70 familles repandue dans cinq ou six lieües de pays qui composent.500 personnes.

Il s'est formé a l'endroit apellé les Mines dans l'un des trois bassins le plus Sud qui soit au fond de la Baye françoise de habitations de la jeunesse du port Royal au nombre de 150 personnes.

Il y a une habitation apellée Beaubassin qui est au seigneur de la Valliere presque au milieu de l'Isme qui separe le golfe de S^t Laurent de la Baye françoise séparée seulement d'une lieüe de terre dans un pays bas sans roches, et tres facile a couper ou il y a 20 familles faisant nombre de 120 personnes.

Les bords de la Baye françoise du côté du Sud ne sont point habités et ne sont point practicables mais a la partie du Nort il y a quelque habitation commençant par la riviere de S^t Jean qui est navigable environ 50 lieües dans les terres, il y a trois Familles a l'entrée composées de douze personnes, ou peut par cette riviere avoir communication au fleuve S^t Laurent Vis-a-vis Tadoussac —

Dixhuit lieües de cette riviere terant de vers la nouvelle Angleterre est celle de S^t Croix qui peut devenir considerable avec quatre familles composées de Vingt personnes.

Huit lieües a ouest N. O. d'elle est Megesse avec douze personnes a l'isle apellée Archimagau, six lieües plus Est que Pentagouët sont deux familles composées de six personnes.

A la riviere de Pentagouet est le S^r de Castin qui negocie avec les Sauvages et avec les Anglais, c'est un très beau pays plein de ports avec trois bonnes rivières, et il y a deux nations tres considerable dans les terres qui reconnoissent la france et sont ennemis des Anglais

Il y avoit un fort et une habitation a Pentagouet construits premierement par M. de Dannay de Charnisoy les S^{rs} de grand fontaine et de Chambly ont été ensuite et tout a été abandonné depuis l'invasion des Anglais en 1665.

Pour faire proffiter solidement ce pays qui est le meilleur de l'Acadie et qu'on peut dire le seul bon de la nouvelle France, du secours que le Roi à la bouté de luy donner et des augmentaõns que la compagnie peut faire et affin aussy de le mettre a couvert de l'insulte des Anglais qui ne peuvent presque subsister sans la pesche de la cote de l'arcadie, il paroît indispensable de faire deux forte et d'y travailler le plus tost qu'il sera possible, parcequ'on scait

que les Anglois sont en inquietude et ont deja fait quelque mouvement depuis qu'ils ont appris que le Roy avoit envoyé du secours a cette colonie qui n'a travaillé que pour eux depuis la restitution qu'ils en ont faite en 1667. On peut faire une fort a Pentagoüet dans l'endroit ou il y en avoit un ou l'avancer a la riviere de Quinibiquy ou St George et ce dernier paroist plus convenable parcequ'il conserveroit les Canibals et conperoit de plus pres par terre le chemin aux Anglois.

Après cela il semble qu'on doit songer seulement quant a present a assurer le port Royal comme la capital de toute la colonie parceque cet endroit la met en sureté, d'autant que la cote est très mauvaise dans le reste de la Baye françoise Le coste est de l'ouverture du bassin du port royal voit toute l'entrée de la Baye françoise et n'a pas plus d'un demy quart de lieüe de large au passage qui seroit sous le mousquet de sorte qu'avec une tour enfermée dans un reduit de bassin du port royal seroit en sureté ainsy que les habitans de la riviere du port royal et en quelque, sorte toute la Baye, ou n'estime pas la depense de plus de 2000, cens, ainsy il ne seroit besoin au port royal que d'un reduit de palissade pour enfermer les logemens du gouverneur de partie des soldats et les magasins et les effets des habitans en cas de de besoin ce qui pouvoit se faire aussy avec peu de depense.

On croit quel seroit necessaire d'envoyer au moins soixante hommes d'augmentation.

Endorsed Memoire sur l'etat de la situation et la disposition en laquelle sont les habitans du pays de l'Arcadie.

Sur les expeditions des Anglois en Accadie

Memoire de l'Estat present de L accadie pais de la nouvelle france. Portef^{le} 128 piece 28.

De vingt deuxieme novembre dernier 1664. Les Anglois de Baston en la nouvelle angleterre vurent y forcer une petite place scituée au lieu nommé Mirliquech terre de la

heve dans laquelle place ils donnerent par surprize sur les onze heures de nuit, et mirent main basse sur tout le monde et les vivres marchandizes et munitions de guerre au pillage ensuite ce retirerent au Port Rossignol ou ils y ont scitué une petite place pour garentir les pesches cedentaires quils ont estably a la dite coste de l'inquietude qu'avec toute equité lon leur pourroit cauzer,

Les francois quils ont pris cet année ils les ont exposés en vente, et d'autres quils ont deliberé moyennant quils signassent sur un registre quils ne porteroient plus les armes au d^t pais contre la nation angloise et qu'au cas qu'ils y contrevinsent quils se desclaroient eux mesne digne de mort.

Ils ont envoyé du dit lieu de Baston une fregatte desclarer aux navires pescheurs françois quils payeront des cette prochaine année le dixième de leur peche celon les loix d'Angleterre.

Les dits Anglois ont razé les forts de S^t Jean et Port Royal et transporté soixante deux pieces de Canons qui estoient dans les dites deux places au dit lieu de Baston.

Dans le dit lieu de Port Royal il y a pres de soixante dix a quarte vingt familles francoises lesquels y sont establies depuis cinquante ans et quy ont bien pres de quatre a cinq cens enfans né natifs au dit pais auxquels Les Anglois ont declaré depuis quatre anois quils eussent a ce dispozer de repasser en france l'année prochaine ce qui ne leur est pas peu sensible d'etre obligé d'abandonner leurs travaux depuis un cy longtems.

Les dits Anglois esperent s'emparer cette année de toute l'Accadie celon ce quils ont deccraré aux navires pecheurs lesquels intimidés de leurs menaces ont peine a se resoudre

Ce memoire a este donne par le St le borne du Condray Lieut de Sa Mte dans la côté de l'accadie. Il se plaint que depuis trois ans les anglois detiennent prisonnier un de ses freres a Baston auquel ils ont fait un très mauvais traitement.

Il demande si Sa Mte approuveroit quil prit d'autres prisonniers sur les anglois et en les envoyant en France ou trouveroit bon de les faire garder

Il propose non seulement de maintenir son habitation du Condray proche la heve, mais meisme de faire la guerre aux anglois et les Incommoder sur toute la coste de l'acadye en luy entretenant 200 hommes, Je crois qu'avec cinquante ou Suixante Il pourroit faire le meime effet.

a y aller qui est un negoce considerable la coste de l'accadie etant incomparablement plus considerable que la Riviere de quebeck a cause de sa peche et quelle est navigable en toute saison de l'année sur laquelle les dits Anglois ont encore empieté cet année pres de soixante lieues qui est bien loin de restituer les terres usurpées cy devant. Et sy sa Majesté vouloit commettre deux cens hommes soubz la conduite du nommé Du Coudray, l'un de ces Lieutenants au dit pais avec leurs paye et subsistance lesquels il joindroit a ceux quil a au fort Du Coudray au dit pais il se promet par le moyen dudit renfort et des habitudes quil a on dit pais depuis treize années quil y est assidu de rendre la coste libre aux navires francois d'en faire retirer les Anglois et de secourir les sus dites familles oppressées enfin d'empêcher les dits Anglois de metamorphoser la nouvelle France en nouvelle Ecosse comme ils pretendent.

mined in his minde whether to leave the prisoner here or to
bring him to Boston.

Our Soldiers here begin to Inquire for Cloathing Shoes &
Blankets, and if you think good to allow them sumthing

Swan Shot may be Sent, here is wanting about 6 m̄ of
Shingle nayles to cover the Stoar room in the fort also a few
Single & duple board nayles, also a paire of Smiths Bellows,
Also I would request your Honors to Intemate to me what
allowance of Rum the Soldiers must haue, as yet I have
allowed them a pint among Six men for each day they are
upon a March, they Expect the Sam while they be Still

Octob^r 4th 89 att 5 of y^e clock in y^e afternooneHon^{ed} S^{rs}

After y^e tender of my humble Service to yo^r Hon^{rs} these are to acquaint yo^r selues y^t I with a small troope with me consisting of 39 psons taking with me Capt. Willard & Capt. Convers wee advanced toward Casco 17th of Sept. last & upon or march found y^e people att Saco Black point & Blew point in a pore expos'd condition uppon y^e knoledge thereof wee were forc't to divide Capt. Willards into six parts for y^e present & so wee advanced to Casco where we had a relation of w^t w^s done there, an account of w^{ch} yo^r Hon^{rs} wee suppose haue had from Maj^r Church.

Then my self with about 35 marched into y^e woods with Maj^r Churches fforces about 18 or 20 miles out & home but could finde none of y^e Enemy, y^e next daye wee receiued a post from Black point, Signifying y^t y^e Garrison att Blew point w^s attact att M^r ffoxwells house where a young man w^s Slayne & a lad taken Captiue, wee came over Casco ferrie in y^e night & ridd to Black point y^e same night, forth with sent a partie of horse to understand their condition att Blewpoint butt could not come att y^m by reason of y^e tides, & y^e cañoes were taken from y^e banks by y^e Enemy as we suppos^d, y^e night before. I therefore tooke a sloop & put a board about 30 men & Sayled up y^e river to see if I could understand their condition, y^e w^{ch} wⁿ Wee understood by advice of y^e Captaines with mee wee all mounted & with much difficulty wⁿ y^e tide Served wee all gott over y^e Rivers but before wee come there about Sunⁿ rise y^e Enemy had attackt y^e Garrison againe being a remote place & weake handed, & wⁿ yee come on Blew point Side wee espied y^e Enemy & perceived y^v had ambusht us, where uppon wee were forc'd to lead o^r horses up y^e bank on y^e marishes for wee had no other waie to moue except wee had gon right back againe y^e w^{ch} by y^e help of God wee resolu'd not to do, upon y^e

marsh, wee mired all o^r horses, broke o^r tackling where y^e Enemy made Shot uppon us & wounded several of o^r horses but thr^u mercy not one of o^r men hurt, & after wee had securd o^r horses under y^e Garrison wee Sallied out after y^e Enemy on foote, y^e ground being disadvantagius to y^e hors, but wee understanding their ambushments beat y^m up made shot att each other a considerable time, & tho' some of o^r men narrowly Escaped yet God so ordered it y^t none of us w^s wounded or hurt, neither do wee know whether any of y^e Enemy w^s hurt, yet there w^s a great out crie wⁿ y^y called off their men where uppon 'tis supposd some might be hitt y^y mov'd awaie with all Speed, wee followed y^m a mile or two, & tooke from y^m 48 Sheepe a liue, 4 dead swine, found a pore mans house on fire where all his corne w^s, wee put out y^e fire Sav'd his corne & returnd to y^e Garrison, & found y^e lad w^{ch} w^s slayne, & brought him thither, & procured part of Capt. Willards men to Strenthen y^e Garrison w^{ch} w^s by y^e consent of Maj^r Church before wee come from Casco. yⁿ attending y^e tide wee rid in y^e night to Saco & Strenthned their Garrisons & so return'd to o^r head quart's y^e 28 Sept: in y^e night where I received an account of y^e officers of y^e several companies of their Scouting gathering of corne bringing in haye &c. & yⁿ sent out such of o^r men as had cloathing about 120 Capt: Gardner with 40 to Oister River Lieu^t fflag with 30 to Wen- nipesockee: & about 30 of Capt. Convers & about 30 of Capt: Wiswall to Bonniveage Pond w^{ch} stayd out 3 dayes & 2 nights but could finde none of y^e Enemy nor where y^y had lately binn, I should haue told yo^r Hon^{rs} before y^t there w^s about 50 or 60 Indians y^t ingaged us att ffoxwells Garrison.

This very hour I received advice from Capt Willard y^t two of his men & a Garrison soldier w^s surprisid by y^e Enemy att Saco, his two men are found dead & y^e other lost, y^y were all three fetching up a fatt beast within sight of

y^e Garrison but on y^e contrary side of y^e river, y^e Indians call'd to y^e Garrison told y^m y^t y^y would goe up to y^e falls & burne y^e mills & y^e fort, Soone after y^y Saw great fires y^t waye, wee intend to make out after y^m, this is y^e su^m of y^e newes att present, M^r Benj. Backworth is come into y^e river y^e Co^mmissory has received his invoice, by w^{ch} wee perceiue y^t we shall stand in great need of more Shooes & Stockins & all Sorts of Cloathes & three or four peeces duffalls because y^e English as well as y^e Indians desire blankits to lie in, in y^e woods wee haue great neede of a Chyrurgeon for many of o^r Soldiers are out of order, by reason of lameness Sickness &c. Except you haue provided other waise wee judge Lieu^t Prescot of Conchord to be a very meet person & willing to come, you promised to send us up a minister but none co^ming wee procured M^r Jn^o Emerson who has biⁿ helpfull to us ever since wee come up & are satisfiyed in his help so y^t you neede not trouble yo^r selues to send a nother Wee haue had a great deale of trouble in setling of Garrisons by reason of y^e refractoriness of some persons too large here to giue yo^r Hon^s a particular account of. Sudden business coming upon us Wee Craue yo^r Hon^s pardon for breaking of so abruptly desiring yo^r prayers att all times I rest yo^r Hon^s most humble

Sheweth

That yo^r Petition^r being impressed into the Countries service in the late Expedition to the Eastward against the Indians & his condition and Employment being such, that his personal attendance upon that Service would have been his utter ruine, in compliance with the then necessity of affaires, and that his Example might encourage others, yo^r Petition^r took care to provide a man to serve in his room, whose name was W^m Fletcher, who was compleatly fitted, with clothes, fire Arms & Ammunition at yo^r Petition^{rs} charge, besides a Sum of money paid him by yo^r Petition^r. And forasmuch as the said W^m Fletcher dyed in his return from the said service, Yo^r Petition^r cannot recover either Arms or clothes, and the Committee refuse to grant him order for his wages, because his Cap^t James Convers had granted a Certificate before (this now granted to yo^r Petition^r) to the said Fletcher upon his return home, w^{ch} (he dying in the Province of New Hampshire) yo^r Petition^r cannot procure./

Yo^r Petition^r therefore Humbly prayes yo^r Hono^{rs} to consider the p^rmises, and to issue out such orders as may relieve yo^r Petition^r, that he may receive what wages are justly due to him, and may have due recompence for the loss of his Arms./

And yo^r Petition^r shall ever pray &c.
